TOWN MEETING ACT

[CHAP. 642.]

An Act to Provide for Precinct Voting, Representative Town Meetings, Town Meeting Members, a Referendum and an Annual Moderator in the Town of Arlington.

Be it enacted, etc., as follows:

Section 1. Upon the acceptance of this act by the town of Arlington, as hereinafter provided, the members of the board of selectmen, the board of public works and the board of assessors, acting jointly and hereinafter referred to as the districting board, shall forthwith divide the territory thereof into not less than five voting precincts, each of which shall be plainly designated, and shall contain not less than six hundred voters. All precincts shall contain approximately an equal number of voters. The precincts shall be so established as to consist of compact and contiguous territory, to be bounded, so far as possible, by the centre line of known streets and ways or by other well-defined limits. Their boundaries shall be reviewed and, if need be, wholly or partly revised, by the districting board, in December, once in five years, or in December of any year when it is so directed by a vote passed at a town meeting not later than the thirtieth day of November of that year. The districting board shall, within ten days after any establishment or revision of the precincts, but not later than January tenth of the succeeding year, file a report of their doings with the town clerk, the registrars of voters and the assessors, with a

map or maps or description of the precincts and the names and residences of the registered voters therein. The districting board shall also cause to be posted in the town hall a map or maps or description of the precincts as established or revised from time to time with the names and residences of the registered voters therein; and they shall also cause to be posted in at least one public place in each precinct a map or description of that precinct, with the names and residences of the registered voters therein. The division of the town into voting precincts and any revision of the precincts shall take effect upon the date of the filing of the report thereof by the districting board with the town clerk as hereinbefore provided. Whenever the precincts are established or revised, the town clerk shall forthwith give written notice thereof to the secretary of the commonwealth, stating the number and designation of the precincts. The provisions of chapter eight hundred and thirty-five of the acts of nineteen hundred and thirteen, and any amendments thereof or additions thereto relating to precinct voting at elections, so far as the same are not inconsistent with this act, shall apply to all elections and primaries in the town upon the establishment of voting precincts as hereinbefore provided.

Sec. 2. Other than the officers designated in section three of this act as town meeting members at large, the representative town meeting membership shall in each precinct consist of the largest number divisible by three which will admit of a representation of all precincts by an equal number of members and which will not cause the total elected town meeting membership to exceed two hundred and seventy. The registered voters in every precinct shall, at the first annual town election held after the establishment of the precincts, and at the first town election following any precinct revision, and conformably to the laws relative to elections not inconsistent with this act, elect by ballot the number of

registered voters in the precinct, other than the officers designated in section three of this act as town meeting members at large, provided for in the last preceding sentence of this section, to be town meeting members of the town. Of the members so elected, one third shall be elected for the term of one year, one third for the term of two years and one third for the term of three years from the day of the annual town meeting; and thereafter, except as is otherwise provided herein, at each annual town election the registered voters of each precinct shall, in like manner, elect one third of the number of town meeting members to which that precinct is entitled for the term of three years, and shall at such election fill for the unexpired term or terms any vacancies then existing in the number of town meeting members in their respective precincts. Upon every revision of the precincts, or of any of them, the terms of office of all town meeting members from every such revised precinct shall cease upon the election of their successors, and at the first ensuing annual town election there shall be an entirely new election of town meeting members in every precinct so revised, as well as in any precinct newly established. The town clerk shall, after every election of town meeting members, forthwith notify each member by mail of his election.

Sec. 3. Any representative town meeting held under the provisions of this act, except as is otherwise provided herein, shall, at and after the first annual election held under this act, be limited to the voters elected under section two together with the following, designated as town meeting members at large, namely, any member of the general court of the commonwealth from the town, the town moderator, the town clerk, the town treasurer, the town auditor, the town collector of taxes, the town counsel, if any, the chairman of the board of selectmen, the chairman of the board of public works, the chairman of the assessors of taxes, the

chairman of the school committee, the chairman of the planning board, the chairman of the park commissioners, the chairman of the board of health, the chairman of the sinking fund commissioners, the chairman of the trustees of the Robbins Library, the chairman of the cemetery commissioners and the chairman of the finance committee, if any. The town clerk shall notify the town meeting members of the time and place at which representative town meetings are to be held, the notices to be sent by mail at least seven days before the meeting. The town meeting members, as aforesaid, shall be the judges of the election and the qualification of their members. A majority of the town meeting members shall constitute a quorum for doing business; but a less number may organize temporarily and may adjourn from time to time. Notice of every adjourned representative town meeting, which shall state briefly the business to be acted upon at the meeting, shall forthwith be posted by the town clerk in one or more public places in each precinct. The town meeting members as such shall receive no compensation. Any voter of the town who is not a town meeting member may attend any representative town meeting and, subject to such conditions as may be determined from time to time by the members of such meeting, may speak, but shall not vote. A town meeting member may resign by filing a written resignation with the town clerk, and his resignation shall take effect on the date of such filing. A town meeting member who removes from the town shall cease to be a town meeting member, and a town meeting member who removes from the precinct from which he was elected to another precinct shall not retain membership after the next annual election.

Sec. 4. Nomination of candidates for town meeting members to be elected under this act shall be made by nomination papers, which shall bear no political designation and shall be signed by not less than fifteen regis-

tered voters of the precinct in which the candidate resides and filed with the town clerk at least fifteen days before the election. No nomination papers shall be valid in respect to any candidate whose written acceptance is not thereon or attached thereto.

Sec. 5. The articles in the warrant for the town meeting, relating to the election of the moderator, town officers, and town meeting members, as hereinbefore provided, referenda, and all other matters to be acted upon and determined by ballot, shall be so acted upon and determined by the voters of the town in the polling places provided for their respective precincts. All other articles in the warrant for any town meeting shall be acted upon and determined exclusively by town meeting members at a meeting to be held at such time and place as shall be set forth by the selectmen in the warrant for the meeting, subject to the referenda provided for by section eight.

Sec. 6. A moderator shall be elected by ballot at each annual town meeting and shall serve as the moderator of all town meetings, except as otherwise provided by law, until a successor is elected and qualified. Nominations for and the election of a moderator shall be as in the case of other elective town officers, and any vacancy in the office may be filled by the town meeting members at a meeting held for that purpose. If the moderator is absent, a moderator pro tempore may be elected by the town meeting members.

Sec. 7. Any vacancy in the number of town meeting members from any precinct may be filled until the next annual election by the remaining members from that precinct, from among the registered voters of the precinct. Upon the petition therefor, signed by not less than ten town meeting members from such precinct, notices of the vacancy shall promptly be given by the

town clerk to the remaining members from the precinct, and the town clerk shall forthwith call a special meeting of such members for the purpose of filling any vacancy. The town clerk shall cause to be mailed to each of such members, not less than seven days before the time set for the meeting, a notice specifying the object, time and place of the meeting. At the said meeting a majority of the members shall constitute a quorum, and they shall elect from their own number a chairman and a clerk. The choice to fill any vacancy shall be by ballot, and a majority of the votes cast shall be required for a choice. The chairman and clerk shall make a certificate of the choice and forthwith file the same with the town clerk, together with a written acceptance by each member so chosen, who shall thereupon be deemed elected and qualified as a town meeting member, subject to the right of the town meeting members to judge of the election and qualification of members as set forth in section three.

Sec. 8. No article in the warrant shall finally be disposed of by a vote to lay upon the table, to indefinitely postpone, or to take no action thereunder. Any vote passed at any representative town meeting under any article in the warrant, except a vote to adjourn, shall be inoperative until after the expiration of five days, exclusive of Sundays and holidays from the dissolution of the meeting. If, within said five days a petition, signed by not less than one hundred registered voters of the town, containing their names and addresses, as they appear on the list of registered voters, is filed with the selectmen requesting that the question or questions involved in such vote be submitted to the voters of the town at large, then the selectmen, within fourteen days after the filing of the petition, shall call a special meeting which shall be held within ten days after the issuing of the call, for the sole purpose of presenting to the voters at large the question or questions so involved. The polls shall be opened at two o'clock in the afternoon and shall

be closed not earlier than eight o'clock in the evening, and all votes upon any questions so submitted shall be taken by ballot, and the check list shall be used in the several precincts in the same manner as in the election of town officers. The questions so submitted shall be determined by vote of the same proportion of the voters at large voting thereon as would have been required by law of the town meeting members had the question been finally determined at a representative town meeting. The questions so submitted shall be stated upon the ballot in the same language and form in which they were stated when presented to said representative town meeting by the moderator, and as they appear upon the records of the said meeting. If such petition be not filed within the said period of five days, the vote in the representative town meeting shall become operative upon the expiration of the said period.

Sec. 9. The town of Arlington, after the acceptance of this act, shall have the capacity to act through and to be bound by its said town meeting members who shall, when convened from time to time as herein provided, constitute representative town meetings; and such representative town meetings shall exercise exclusively, so far as will conform to the provisions of this act, all powers vested in the municipal corporation. Action in conformity with all provisions of law now or hereafter applicable to the transaction of town affairs in town meetings shall, when taken by any representative town meeting in accordance with the provisions of this act, have the same force and effect as if taken in a town meeting open to all the voters of the town as heretofore organized and conducted.

Sec. 10. This act shall not abridge the right of the people of Arlington to hold general meeting, as that right is secured to them by the constitution of the commonwealth; nor shall this act confer upon any represen-

tative town meeting in Arlington the power finally to commit the town to any measure affecting its municipal existence or changing its government, without the action thereon by the voters of the town at large, using the ballot and check lists therefor.

Sec. 11. This act shall be submitted to the registered voters of the town of Arlington at any annual or special town meeting called for the purpose. The vote shall be taken by ballot in accordance with the provisions of chapter eight hundred and thirty-five of the acts of nineteen hundred and thirteen and any amendments thereof or additions thereto, so far as the same shall be applicable, in answer to the question: "Shall an act passed by the general court in the year nineteen hundred and twenty entitled 'An Act to provide for precinct voting, representative town meetings, town meeting members, a referendum and an annual moderator in the town of Arlington' be accepted by this town?" and the act shall take effect upon its acceptance by a majority of the voters voting thereon.

Sec. 12. Chapter one hundred and sixty-eight of the acts of nineteen hundred and six being an act relative to town meetings in the town of Arlington, is hereby repealed.

Sec. 13. So much of this act as authorizes its submission to the registered voters of the town shall take effect upon its passage, and the remainder shall take effect upon its acceptance as aforesaid. (Approved December 22, 1920).

Annual Meeting

Arlington, March 25, 1924.

Pursuant to the Warrant of the Selectmen, served according to law upon the inhabitants of the town of Arlington by a constable of said town, and notices sent by mail by the Town Clerk at least seven days before the day of meeting to the Town Meeting Members elected and qualified to act in Town Meetings in Arlington, the Town Meeting members so qualified met in the Robbins Memorial Town Hall, in said town, on Tuesday, March 25, 1924, at eight o'clock in the evening.

Lists of the duly qualified Town Meeting Members were used at the entrances to the meeting place and

The Check-lists filed with the Town Clerk at the close of the meeting showed that two hundred and twenty-one members attended the meeting.

The meeting was called to order at eight o'clock by the Moderator, John G. Brackett.

The Town Meeting Members attending this meeting who had not already been sworn were sworn by the Moderator.

Copies of the Warrant having been supplied to all the Town Meeting Members, the Clerk read only the call and the Constable's return, the meeting voting on Nelson B. Crosby's motion to dispense with the reading of the remainder of the Warrant.

On motion of Nelson B. Crosby:

Voted: That when this meeting adjourns it adjourn to meet on Wednesday evening, April 2, 1924, at eight o'clock.

Fire Protection in Western Section of the Town

Mr. Walter H. Peirce presented the following report:

"The Committee appointed to consider the matter of additional fire protection in western section of town submits the following report:

The Committee recommends that a suitable lot in the western section be taken at once, and at the earliest opportunity a small fire station be erected thereon.

Apparatus located on this elevation would be most valuable to all the hilly sections of town south of Gray Street from Mount Vernon and west of Mass. Ave to Lexington line.

When Gray Street is completed through to Highland Ave. and Lockland, the ridge extending from Pleasant Street to Lexington line will be under protection of apparatus from this station.

It is the unanimous opinion of the Committee that the old fire station on Park Ave., the lot on which it stands, the adjacent lot, also owned by the town, be disposed of and money received from sale of this property be used for erection of said fire station.

The Committee believes a site should be selected in the northern section of the town for a small station

before land values increase, in anticipation of future needs.

Signed,

WALTER H. PEIRCE, Chairman,
CHAS. H. HIGGINS,
WALTER F. ROBINSON,
REUBEN W. LeBARON,
DANIEL B. TIERNEY, Secretary."

Voted: That the report of Walter H. Peirce on "Fire Protection in the Western Section of the Town" be received.

Change of Line Between Mt. Pleasant Cemetery and Meadow Brook Park

Mr. Warren A. Peirce, Chairman of the Cemetery Commissioners presented the intent of the Commissioners in requesting this line to be changed.

On motion of Warren A. Peirce:

Voted: That the report be received and that action be deferred until Article 37 of the warrant is taken up.

Percy A. Goodale, acting for the Park Commissioners, made the following report:

Arlington, Mass., March 25, 1924.

The Park Commissioners beg to submit the following report in regard to transferring land at Meadowbrook Park to the Cemetery Commissioners.

The Park Commisioners have had numerous conferences with the Cemetery Commissioners, as well as hearings and the Park Commissioners are strongly opposed to the taking of any of the Meadowbrook Park for cemetery purposes; in fact, we feel that the town

should not give up any of the park land they have, regardless of the location.

Respectfully submitted,

PARK COMMISSIONERS, TOWN OF ARLINGTON,
(Signed) PERCY A. GOODALE,
Chairman.

On motion of Percy A. Goodale:

Voted: That the report on "Change of Line of Mt. Pleasant Cemetery" be received.

Lockeland Property for Public Park

Percy A. Goodale, of the Park Commissioners, made the following report, relative to taking land on Massachusetts Avenue known as Lockeland, for park purposes:

Arlington, Mass., March 25, 1924.

The Park Commissioners beg to submit the following report in regard to investigation and recommendations for land fronting on Massachusetts Avenue, known as Lockeland.

After a thorough study of parks and playgrounds, your Commisioners do not recommend that this land be bought or taken. After taking the matter up with the trustees of the Lockeland Trust, we find that they would charge about $100,000 for three acres. The location of the Lockeland while being desirable, is too close to the new playground in the rear of the High School, and we feel that other sections should be taken care of first in regard to parks or playgrounds before more land is taken in the center of the town.

Respectfully submitted,

PARK COMMISSIONERS, TOWN OF ARLINGTON,
(Signed) PERCY A. GOODALE,
Chairman.

On motion of Percy A. Goodale:

Voted: That the report relative to taking land on Massachusetts Avenue, known as Lockeland, for park purposes be received.

Additional School Accommodations

Elliott R. Barker made a report of progress, saying that an explanation would be made when the Articles referring to School Accommodations in the Warrant were taken up.

Construction of Fire Department Building

Walter H. Peirce, as Chairman of the Committee, presented the report of the Committee appointed to procure plans and estimates for the construction of a Central Fire Station and Fire Alarm Headquarters.

This report was in printed form and had been sent by mail by the Town Clerk to each Town Meeting Member.

Mr. Peirce read the report as follows, and the same was received.

COMMITTEE'S REPORT

To the Citizens of Arlington:—

Your Committee was appointed in accordance with the following vote, at the last Annual Town Meeting.

Voted: That a Committee of five be appointed by the Moderator to procure plans and estimates for the construction of a Fire Station with the installation therein of the Fire Alarm System, on the town land bounded by Massachusetts Avenue, Broadway and Franklin Street. That the sum of $500.00 be appropriated for the use of said Committee, to report not later than the next Annual Town Meeting, and to have the power to fill vacancies.

NEW FIRE STATION

Two years ago when the land adjacent to the Monument was purchased for the purpose of erecting a Gasoline Station, the citizens of Arlington realized that prompt action was necessary to save for the town this most central and conspicuous site, which they took by right of eminent domain, at a cost of $46,000 for the purpose of building thereon a Central Fire Station, and Fire Alarm Headquarters.

The location of the lot makes it ideal from the protective point of view, while at the same time it will make the building placed upon it a cynosure, which must, of necessity, be a monument to the good taste and architectural judgment of the people of Arlington who have already set a high standard along these lines.

Realizing the two-fold nature of such a building, the Committee called for plans from five well-known architects of Greater Boston and after carefully considering the merits of each, unanimously agreed that those submitted by MacNaughton & Robinson most perfectly met the requirements.

The plan provides a building 70 ft. x 75 ft. which is in proportion to the size of the lot. Its faces are almost identical, so that from whatever side approached, the same beauty and symmetry appear. Facing the Monument is the hose, whistle and bell tower. The exits, six in number, are so placed that they will allow the greatest ease and safety for the hurried departure and return of the apparatus.

The floor furnishes ample space for seven pieces of apparatus, one of which will be an Aerial Ladder Truck that must come with the building of apartment houses and high business blocks. The second floor provides sleeping quarters for twenty-five or more men, a recreation room, a drying room, toilets and showers and an office for the Chief with vaults for storing records,

which is a most important feature. The basement is divided, with no inside connection, into two parts, one for apparatus of Wire Department, air whistle tanks and heating system; the other for a repair shop for the Fire Department. This will be a great asset, as the men will be able to make almost all the repairs necessary.

NEW FIRE ALARM HEADQUARTERS

This important question has been given careful study in planning the proposed Central Fire Station. After considering various plans and other data it was the opinion of the Committee that a section of the second floor facing Franklin Street would be satisfactory for this purpose. Sufficient space is to be allowed for battery and instrument rooms, sleeping rooms and Superintendent's office.

From an electrical standpoint this location will allow easy connection to be made with interior wires and cables to the underground cables now and later installed on Franklin Street.

This proposed second floor location of the electrical department, while under the same roof, will be separate from other parts of the building, and as far as practicable, will be fire resisting, either from internal or external causes.

The Fire Alarm System is the "heart" of the Fire Department and Fire Alarm Headquarters is the "pivotal point" of the signaling systems. All alarms are received through instruments located at this headquarters and said alarms are retransmitted to the various circuits, bells, gongs, etc. A failure to properly transmit signal received, may mean loss of property or life. In consequence, provision must be made to safeguard this delicate and highly expensive apparatus at the "nerve centre" of the Fire Alarm System.

The instrument and battery rooms of proposed headquarters will be of such size as to allow for install-

ing new apparatus as will be required at present and sufficient room will be provided for additional apparatus in future years when it becomes necessary to change from an Automatic Repeating System to a Manually Operated System, requiring operators on duty at all times.

Conduits will be provided when building to allow for installing of cables and wires as required in the future.

Manually operated Fire Alarm Systems are now in use in Cambridge, Somerville and other cities of large population and the time will come when Arlington will require a larger Fire Alarm System than now planned. In consequence, this Committee have "looked ahead" to the end, that provision shall be made for this future enlargement.

The present fire alarm headquarters in Old Town Hall Building is unsafe, has been condemned by the Fire Underwriters, is a veritable fire trap and is not suitable in space to allow for installing additional equipment which is much needed at the present time, owing to the expansion of street box system made necessary by rapid growth of the town. The above specified details are some of the conditions considered by Committee in planning for a new Fire Alarm Headquarters as a "part" of proposed new Central Fire Station.

If the town should decide not to erect this building, some other building will have to be provided at an early date for housing the Fire Alarm apparatus.

To erect a separate building for this sole purpose is an expensive proposition and while this has been done in many nearby municipalities, such a building is not necessary under ordinary conditions when a modern type of Fire Station (centrally located) is to be built, which can include the electrical headquarters as a part of the same.

IN GENERAL

There is little need to call to your attention the rapid growth of the town for everywhere stores and houses are springing up, as it were, in the night. The building permits issued in January of this year amounted to $127,000 while in the same month last year they totaled $21,000. The first ten days of February exceeded the whole month of February last year by more than $15,000. Houses for nearly seven hundred families were built in 1923. There is no doubt but this growth will continue as long as a vacant lot is left in the town. Arlington has an estimated population of 24,000; 3,708 domiciles, 295 stores, a valuation of buildings alone of $21,291,985, and adding at the rate of $3,500,000 per year.

This rapid increase in population and property of the town brings with it the added responsibility of protecting those lives and that property. For several years the men in control of town affairs have realized the necessity of enlarging and increasing the facilities of the Fire Department, but on account of the heavy demand upon the town for schools, have deferred asking for an appropriation from year to year until the need has become vitally imperative. Arlington has built no public buildngs—schools excepted—since 1890 when the small fire station was erected at the Heights at a cost of $2,700.

The Old Central Station which was built in 1872 for hand-drawn apparatus, is outgrown, out-of-date and structurally unsafe for the apparatus it now houses, and is in direct violation of the State Rules and Regulations governing garages, which it virtually is, with its attendant dangers and with seven men sleeping above. It was strengthened for horses in 1895 and again reinforced in 1913 for motor apparatus, since which time only minor repairs have been made upon it.

The living quarters are unsanitary and unsuitable for the men. It must be remembered that fire stations

are the only public buildings in use twenty-four hours per day for three hundred and sixty-five days and that firemen are the only public employees who spend twenty-one out of twenty-four hours on duty. If these men are to give the best possible service to the town the conditions under which they live must be attractive, cheerful and normal. At present, there are no headquarters for the Fire Department; there is no office for the Chief; there is no space to store equipment; no place for preserving records and no place for repairing apparatus.

RECOMMENDATIONS

For the reasons stated above, your Committee unanimously recommends that the town accept the plans herewith submitted and appropriate the sum of $148,000 to build a Central Fire Station, including the purchase of new Fire Alarm Apparatus. It also recommends that the construction of the building be of stone to harmonize with the Library and Robbins Memorial Hall.

Respectfully submitted,

WALTER H. PEIRCE, Chairman,
CHARLES H. HIGGINS,
WALTER F. ROBINSON,
REUBEN W. LeBARON,
DANIEL B. TIERNEY, Secretary.

Play Ground—Rear of High School Building

Percy A. Goodale presented the following report and the same was received.

Arlington, Mass., March 25, 1924.

The Park Commissioners and sub-committee of the School Committee, beg to report in regard to the development and plans for play ground in the rear of the High School as follows:

After considerable study, we are submitting a possible lay-out for this play ground, that will include eight tennis courts, two base ball diamonds, two foot ball fields, running track, quoit court, children's play ground, grand stand, swimming pool, children's wading pool and hockey rink. We recommend that this development be done on a progressive scale, and we strongly recommend that the grading be done as far as the brook at once.

Your Commissioners have received, what we consider a very favorable bid of $17,500 for the rough grading of this area as far as the brook line. We recommend that the grading be done under the direction of the town engineer, at the price of $17,500, to include definite lines for grades that he would set; therefore your Commissioners inserted Article No. 25 in the warrant, feeling that this matter should not be delayed any further.

Respectfully submitted,

PARK COMMISSIONERS, TOWN OF ARLINGTON.

Arlington, April 2, 1924.

Pursuant to the vote of recess, the adjourned annual Town Meeting was called to order at 8.55 o'clock in the evening by the Moderator, John G. Brackett.

Article 25 taken up (Grading of Land in Rear of High School).

On permission being obtained by Percy A. Goodale, Ralph Henricus, physical director in the Arlington schools, told of the need in the town for this lot back of the High School as a play ground.

The question before the meeting at this time being whether a substitute motion would be made, the motion was put before the meeting. The Moderator being in doubt as to the result of the vote, requested a rising vote; ninety-six voted in the affirmative and eighty-seven in the negative.

The substitute motion was then voted on by rising vote. Ninety voted in the affirmative and ninety-three in the negative, and declaration was made by the Moderator that the substitute motion was lost.

Jacob Bitzer moved that in the substitute motion the sum of $15,000 be substituted for the $17,500.

Clarence A. Moore moved that the last eight words of the substitute motion be stricken out and the following be added: "Supervision of the Park Commissioners." The motion as now before the meeting reading as follows:

That the sum of $15,000 be and hereby is appropriated for grading the land in back of the High School,

taken as a play ground, and that the said sum be raised by general tax and be expended under the supervision of the Park Commissioners.

This motion being put before the meeting, was not carried, eighty-eight voting in the affirmative and one hundred and two in the negative.

The original motion as made by the Finance Committee was carried, which is as follows:

Voted: That the town do not make an appropriation for the improvement, development and use of the play ground situated between the "High School Lot" and the land of the Boston & Maine Railroad.

Article 26 taken up.

On motion of Elliott R. Barker:

Voted (Unanimously): That the Selectmen be and hereby are authorized and empowered, on behalf of the town, to purchase, take in fee by eminent domain, or acquire by gift for the enlargement of the Cutter School Lot, so called, all or any portion of the parcel of land situated on Robbins road, adjoining said lot, and more particularly described in Article 26 of the warrant, and that the sum of five thousand ($5000) dollars be and hereby is appropriated therefor, including the cost of complying with the terms of any gift, said sum to be expended under the direction of the Selectmen.

Elliott R. Barker read the following letter from Mrs. Clara S. Peirce and Mr. Peter Schwamb:

Arlington, Mass, June 15, 1923.

MR. ELLIOTT R. BARKER,
Chairman, Committee on Schools.

Dear Sir:

In response to your inquiry as to cost of land adjoining the Cutter School lot for use as a play ground, we beg to submit the following reply:

In the event of the extension of the Cutter School building toward School street, as originally contemplated, we will donate a plot of land on the southwesterly side of the school lot, one hundred and fifty feet wide, between Robbins road and School street, to be used as a playground.

It is understood that the town in grading said land will make provision for drainage from the adjoining land and will provide proper retaining walls or slopes for the adjoining lots.

This land is donated in memory of Theodore Schwamb, by Clara Schwamb Peirce and Peter Schwamb.

Yours respectfully,

(Signed) CLARA S. PEIRCE.
PETER SCHWAMB.

It was the sense of the meeting that a letter should be sent by the Town Clerk to Mrs. Clara S. Peirce and Mr. Peter Schwamb in recognition and acceptance of their generous gift to the town.

Article 27 taken up (Additional Fire Protection in Peirce School).

On motion of Elliott R. Barker:

Voted: That the sum of seven hundred ($700) dollars be and hereby is appropriated for the installation of additional means of fire protection in the school house on Park avenue north, known as the "Peirce School," said sum to be expended under the direction of the committee appointed, under vote of the town passed July 11, 1923, to construct said school house.

Article 29 taken up (Equipment and Furnishings—Peirce School).

On motion of Elliott R. Barker:

Voted: That the sum of $7,500 be and hereby is appropriated for original equipment and furnishings for the new school located on Park avenue north, known as

the "Peirce School"; said sum to be expended under the direction of the committee appointed under vote of the town, passed July 11, 1923, to construct said school, said committee to have the power to fill any vacancy therein.

Article 30 taken up (Land for School House Purposes).

The following substitute motion was made by Earle C. Hopkins:

That the town authorize the Selectmen to acquire by purchase, or otherwise, for school building purposes, all or any portion of a parcel of land situated in said Arlington, and particularly described in Article 30 of the warrant. That the sum of $30,000 be appropriated for this purpose, the money to be raised by general tax.

Elliott R. Barker, Chairman of the Committee on Additional School Accommodations, gave a detailed report of the situation in general.

Alexander H. Rice, Chairman of the School Committee, gave the opinion of the School Committee in general.

There was considerable discussion, many feeling that the True Lot as described in Article 30 of the warrant was too small.

The proposition of land on the Wyman Farm was dicussed. No definite figure had, however, been given by the Messrs. Wyman.

Petition was received from William C. Drouet for a reconsideration of Article 25 of the warrant at the next adjourned meeting.

At forty minutes after ten o'clock the meeting adjourned to April 10, 1924, at eight o'clock.

Article 30 (Land for School House Purposes).

Before taking up the substitute motion, as made by Earle C. Hopkins, Elliott R. Barker asked permission to explain lantern slides of the territory in question, namely, the True site and the Wyman site. Permission being granted, Mr. Barker explained the above mentioned territory.

Myron W. Dole of the School Committee then explained other slides on these two sites. Mr. Dole read a letter from Augustus S. True in regard to the True property.

After further discussion on the subject, the question of the substitute motion was voted upon and lost.

The original motion as made by the Chairman of the Finance Committee was put before the meeting and it was voted.

Voted: That the town do not authorize the Selectmen to acquire by purchase or otherwise for school building purposes all or any portion of a parcel of land situated in said Arlington, and particularly described

in Article 30 of the warrant; and further voted: that the subject matter of this article be referred back to the Committee on Additional School Accommodations for further study and later report.

On motion of Nelson B. Crosby:

Voted: That when this meeting adjourns it adjourn to meet on April 22, at eight o'clock P.M.

On motion as made by William C. Drouet and seconded by Frank A. Woodhead, a standing vote was taken as to whether or not Article 25 of the warrant should be reconsidered at this meeting, the same having been petitioned for by Mr. Drouet before the close of the last adjourned meeting. Eighty-one voted in favor of a reconsideration and ninety-five voted in opposition to a reconsideration. The motion for reconsideration being therefore lost.

The meeting was called to order at eight o'clock by the Moderator, John G. Brackett.

The Town Meeting members who had not already been sworn were sworn by the Moderator.

($139,500) for the purpose of constructing a building to be used for an engine house upon the land situated in said Arlington, and particularly described in Article 36 of the warrant, including the cost of original equipment and furnishings; that for this purpose fifty-nine thousand five hundred dollars ($59,500) be raised by general tax, and for the balance eighty thousand ($80,000) dollars the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the said sum of eighty thousand ($80,000) dollars and to issue bonds or notes of the town therefor, said bonds or notes to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws and all acts in addition thereto or amendment thereof, so that the whole loan shall be paid in not more than eight years from the date of issue of the first bond or note, or at such earlier date as the Treasurer and Selectmen may determine; and, further, that the committee appointed under vote of the town, passed March 8, 1923, to procure plans and estimates for the construction of a Fire Department building and the installation therein of fire alarm apparatus, be a committee with full authority to construct said building to be used for an engine house, within the sum herein appropriated, substantially in accordance with plans presented at this meeting, and with power to fill any vacancy in said committee.

On a rising vote one hundred and thirty-nine voted in favor of the above vote and thirty-one in opposition.

On motion of Nelson B. Crosby:

AREA

Section 11. Single Residence Districts.

A. In the single residence districts, no building or buildings on any one lot, including garages, stables and other accessory buildings, shall be constructed, altered, enlarged, reconstructed or moved, so as to occupy at the level of the first story exclusive of uncovered steps more than forty per cent. of the area of the lot, provided, however, that this restriction shall not prohibit the erection of a private garage for not more than two cars which is accessory to and used with a building existing when this by-law takes effect and used as a residence for a single family.

B. No part of any building, except uncovered steps, shall be constructed, altered, enlarged, reconstructed or moved, so as to be less than fifteen feet from any street lines, or less than seven and one-half feet from the line of any adjoining lot or less than fifteen feet from any other building on the same lot, except as otherwise provided in this section.

C. Distances less than those set forth in Paragraph B of this section, but not less than those required by the building by-laws or other provisions of law, may be used in specific cases where because of difficulties of construction the Selectmen give permission for such less distances, such permission being obtained in the manner set forth in Section 16.

Section 12. General Residence Districts.

A. In the general residence districts, no building or buildings on any one lot, including garages, stables and other accessory buildings, shall be constructed, altered, enlarged, reconstructed or moved, so as to occupy at the level of the first story exclusive of uncovered steps more than fifty per cent. of the area of the lot, provided, however, that this restriction shall not prohibit the erection of a private garage for not more than two cars which is accessory to and used with a building existing when this by-law takes effect and used as a residence.

B. No part of any building, except uncovered steps, shall be constructed, altered, enlarged, reconstructed or moved, so as to be less than ten feet from any street line, or less than five feet from the line of any adjoining lot except in the case of a party wall of a double, semi-detached or group house, or less than ten feet from any other building on the same lot, except as otherwise provided in this section.

C. Distances less than those set forth in Paragraph B of this section, but not less than those required by the building by-laws or other provisions of law, may be used in specific cases where because of difficulties of construction the Selectmen give permission for such less distances, such permission being obtained in the manner set forth in Section 16.

Section 13. Semi-Residence, Business and Industrial Districts.

In the semi-residence, business and industrial districts no story or stories intended, arranged or used for living purposes in any building or buildings on any one lot, shall be constructed, altered, enlarged, reconstructed or moved so that the total area of the floor or floors intended, arranged or used for living purposes on the same general level on any one lot shall exceed fifty per cent. of the area of the lot.

Section 14. Reduction of Lot Area.

Whenever any lot on which is located any building used for residence purposes in any district shall be reduced or changed in area or shape so that the building or lot fails to comply with the provisions of Sections 11, 12 and 13 of this by-law, such building shall not thereafter be used until it is altered, reconstructed or relocated so as to comply with the provisions of said sections, provided, however, that this section shall not apply in the case of a lot a portion of which is taken for a public purpose.

Section 15. District Boundaries.

The location of the boundary lines of the districts shown upon the Zoning map shall be determined as follows:

1. When the boundary lines are shown upon said map within the street lines of public or private ways, the center lines of such ways shall be the boundary lines.
2. Where the boundary lines are shown approximately on the location of property or lot lines, and the exact location of the boundary lines is not indicated by means of figures, distances or otherwise, then the property or lot lines shall be the boundary lines.
3. Boundary lines located outside of such street lines and shown approximately parallel thereto shall be regarded as parallel to such street lines; and figures placed upon said map between such boundary lines and street lines are the distances in feet of such boundary lines from such street lines, such distances being measured at right angles to such street lines unless otherwise indicated.
4. In all cases which are not covered by the other provisions of this section, the location of

boundary lines shall be determined by the distances in feet, if given, from other lines upon said map, or, if distances are not given, then by the scale of said map.

5. Whenever any uncertainty exists as to the exact location of a boundary line, the location of such line shall be determined by the Inspector of Buildings, provided, however, that any person aggrieved by his decision may appeal to the Selectmen or Board of Appeal, as provided in Section 19.

Section 16. Permission of the Selectmen.

Any person or persons desiring to obtain the permission of the Selectmen for any purpose for which such permission is required under the provisions of this by-law, shall make application in writing therefor to the Selectmen, who shall within thirty days hold a public hearing thereon, fourteen days' public notice of which shall be given at the expense of the applicant.

The applicant shall also, at least ten days prior to the hearing, give written notice to all the owners of real estate opposite to or abutting on the property in connection with which any permission is sought, and to such others as the Selectmen may order or by regulation prescribe, and shall at least ten days before the hearing post a notice of the hearing stating the nature of the petition, upon the property in connection with which permission is sought, in a conspicuous location adjacent to a street on which the property is situated.

If any such owner shall object, the permission shall be granted only by the unanimous vote of all of the Selectmen.

At said hearing, or as soon as may be thereafter, and in any event within ten days after the final adjournment of said hearing, the Selectmen shall expressly find and determine:

A. If permission is sought to use a building for a use accessory, incidental to or usual in connection with a purpose permitted by any section of this by-law, whether such use is in fact accessory, incidental to or usual in connection therewith.

B. Whether the use of a building, for the purpose for which permission is sought, is or would be in violation of the provisions of Section 17.

C. Any other facts in their opinion material to their decision.

As soon as may be after the final adjournment of the hearing, and in any event within ten days thereafter, the Selectmen shall adopt an order, notice of which shall be given to the petitioner and any persons who have appeared at the hearing and requested such notice, which shall embody their findings, and grant or refuse the permission applied for, in accordance with such findings.

Section 17. Restrictions Affecting All Districts.

No new building or part thereof shall be constructed or used and no building or part thereof shall be altered, enlarged, reconstructed, or used, in any part of the town, any other provision of this by-law to the contrary notwithstanding:

A. For any purpose which by the emission or discharge of fumes, vapor, gas, dust, offensive odors, chemicals, poisonous fluids or substances, refuse, organic matter, or excrement, the causing of noise or vibrations, or by unduly increasing the risk from fire or explosion, or otherwise, would be dangerous or injurious to the public health or safety.

B. For any purpose harmful to the public morals.

C. For any purpose which would be for any reason injurious to the health, safety, morals or welfare of the community in any of the districts designated

in Section 1 or any adjacent district or harmful to property therein.

Section 18. Execution.

A. The Inspector of Buildings shall execute the provisions of the by-law, except where otherwise provided, and in so doing shall have the same powers as are provided for the execution and enforcement of the by-laws relating to building.

B. He shall grant no permit for the construction, erection, alteration, enlargement, reconstruction, moving or raising of any building which would be in violation of any of the provisions of this by-law.

C. If the Inspector of Buildings shall decide to grant any permit which might, within the purpose of this by-law, injuriously affect the real estate of any person other than the applicant for the permit, the Inspector shall cause a copy of the proposed permit or an adequate description thereof to be posted within twenty-four hours after such decision, upon the property to which the permit relates, in a conspicuous location thereon adjacent to a street on which the property is situated, and he shall, by mailing to their last addresses known to him or otherwise, give, or cause the applicant to give, prompt notice thereof to all the owners of real estate opposite to or abutting upon the property to which the permit relates, or abutting on any public or private way upon which said property abuts at any point within one hundred feet therefrom, and to such other owners of real estate as he may deem desirable.

D. The Inspector of Buildings shall issue no such permit as is mentioned in Paragraph C of this Section until after the expiration of the time for appeal as provided in Section 19 hereof.

Section 19. Appeals.

A. Any person aggrieved by the refusal of a permit under the provisions of Section 18 may appeal to

the Selectmen or to the Board of Appeals, if any, by filing with the said Inspector and the Selectmen, or such Board of Appeals, a claim of appeal in writing within ten days from the date of the action of the said Inspector appealed from.

B. Any owner of real estate mentioned or described in Paragraph C of Section 18 hereof and any other owner of real estate in the immediate neighborhood of property to which any such permit may relate, who, or whose property, is or may be injuriously affected by the granting of any such permit, as to health, safety or morals, may appeal to the Selectmen, or such Board of Appeals, by filing with the Inspector and the Selectmen, or such Board of Appeals, a claim of appeal in writing within ten days from the date of the action appealed from.

Within ten days from the date of the filing of a claim of appeal as provided in Paragraphs A and B of this Section, the Selectmen, or such Board of Appeals, shall hold a public hearing thereon. The appellant shall file in advance of the hearing such plans and information as the Selectmen, or such Board of Appeals, shall deem necessary, and give notice of the hearing by causing a notice thereof to be posted in a conspicuous location upon the property in respect to which the appeal is claimed, and by causing notices thereof to be delivered in hand to, or at the last and usual places of abode of, or by mailing to the last known addresses of, all owners of real estate to whom notices are required to be given in Paragraph C of Section 18, and to such other persons as the Selectmen, or such Board of Appeals, may require, and shall, if so required by the Selectmen or such Board of Appeals, at his expense publish a copy of the notice at least once in a newspaper published in the town.

The Selectmen, or such Board of Appeals, may approve, refuse or revoke the permit or affirm or reverse in whole or in part, or modify the permit,

order, requirement, ruling or decision appealed from so that the same shall conform to the provisions of this by-law.

Section 20. Enforcement.

A. Whoever violates any provision of this by-law, or any of the lawful provisions of a permit issued by the Inspector of Buildings, or of any permission granted by the Selectmen, or such Board of Appeals, or of any decision rendered by or order of the Selectmen or any officer or such Board of Appeals, shall be liable to a fine of not more than twenty dollars for each violation.

B. If the Inspector of Buildings shall be informed, or have reason to believe, that any provision of this by-law has been, is being or may be violated, he shall make or cause to be made an investigation of the facts and inspect the property where the violation may exist, and if he shall find any such violation he shall give notice thereof in writing to the owner or to his duly authorized agent and to the occupant of the premises, and order that any use of any building contrary to the provisions of this by-law shall immediately cease.

If after such notice the building is continued in such use contrary to the provisions of this by-law, or if any such owner or occupant shall fail to obey any lawful order of the Inspector in respect to any violation or use contrary to the provisions of this by-law, the Inspector may revoke the permit for occupation of the premises, and shall make complaint for such violation to a court having jurisdiction thereof, or apply to the Superior Court for an injunction or order restraining the further use of the premises, or both, and shall do all further acts and take any and all such action as may be necessary to enforce the provisions of this by-law.

Section 21. Definition.

Wherever used in this by-law, the words "building" and "buildings" shall be held to include respectively "structure" and "structures," if the context permits such meaning and if such inclusion would not affect the validity of this by-law or of the section, paragraph or provision in which the word is used.

Section 22. Amendment and Repeal.

This by-law, including the Zoning map and the boundary lines of the districts thereon, shall not be amended or repealed except after public notice of the proposed amendment or repeal shall have been given by publication in a newspaper published in the town, or by posting in at least ten public places in the town, including one such place in every precinct, and in no case except by a two-thirds vote of a Town Meeting held for the purpose.

Every petition for the amendment, modification or repeal of this by-law, including the Zoning map and the boundary lines of the districts thereon, and every article in the Warrant for any Town Meeting relating to any such amendment, modification or repeal, shall by the service of such Warrant upon any member of the Planning Board be held to have been referred to the Planning Board for consideration, and report at such meeting. Upon the receipt of any such petition or article in a Warrant, the Planning Board shall hold a public hearing, public notice of which shall have been given, and shall thereafter report thereon with its recommendations to the Town Meeting.

No action shall be taken under any such Article unless the report of the Planning Board shall have been made thereon, provided that if the Planning Board shall not make a report upon any such article at any meeting called for the purpose of acting thereon, action may be taken thereon, without such

report, at an adjourned session of the meeting, to be held not less than seven days thereafter.

Section 23. Existing By-Laws Not Repealed.

Nothing contained in this by-law shall be construed as repealing or modifying any existing by-law or regulation of the town, but shall be in addition thereto, provided that, wherever this by-law imposes greater restrictions upon the construction or use of buildings than other by-laws or provisions of law, such greater restrictions shall prevail.

Section 24. Invalidity.

The invalidity of any section, paragraph or provision of this by-law, or of any district or part thereof as shown upon the Zoning map, or of any boundary line shown upon said map, shall not affect the validity of any other section, paragraph or provision of this by-law, or of any other district or part thereof as shown upon the Zoning map, or of any other such boundary line.

CONSTABLE'S RETURN

Arlington, October 15, 1924.

Middlesex County:

By virtue of this Warrant, I have notified and warned the legal voters of the town of Arlington to meet at the time and place and for the purposes herein named by causing a printed attested copy of the same to be left at every dwelling house in the town and by posting an attested copy at the doors of the Town Hall seven days at least before said day of meeting, and by posting attested copies in two or more conspicuous places in each voting precinct in the town. A notice of the time, place and objects of the meeting was published in the local papers.

(Signed) DANIEL M. HOOLEY,
Constable of Arlington.

Arlington, October 22, 1924.

Pursuant to the Warrant of the Selectmen, served according to law upon the inhabitants of the town of Arlington by a constable of said town, and sent by mail by the Town Clerk at least seven days before the day of meeting to the Town Meeting Members duly elected

and qualified to act in Town Meetings in Arlington, the Town Meeting Members met at the Town Hall, in said town, on Wednesday, October 22, 1924, at eight o'clock in the evening. Notices of the Special Town Meeting were published in the local papers.

The check lists as filed with the Town Clerk at the close of the meeting showed that one hundred and forty-two members attended the meeting, Messrs. Philip T. Robinson and Albert Peirce acting as checkers.

The Moderator called the meeting to order at 8.05 o'clock.

The Clerk read the call and the Constable's Return of the Warrant, the reading of the remainder of the Warrant being waived by unanimous consent of the meeting.

Article 1 taken up (Report of Committee).

On motion of Hollis M. Gott, Chairman of the Finance Committee:

Voted: That the report of the Finance Committee as presented to the Town Meeting Members in multigraphed form be received.

On motion of Hollis M. Gott:

Voted: That Article 1 be laid on the table.

On motion of Hollis M. Gott:

Voted: That the remaining articles in the Warrant be taken up separately and in the order in which they appear in said Warrant.

Article 2 taken up (Appropriation for One Hundred and Fiftieth Anniversary of Revolutionary War).

Voted (Unanimously): That the sum of one thousand dollars be and hereby is appropriated for the use of the committee appointed under vote of the town, passed June 4, 1924, for the proper observance of the nineteenth day of April, 1925, being the one hundred and fiftieth anniversary of the Revolutionary War, said sum to be taken from available funds now in the treasury.

Article 3 taken up (Schoolhouse—True Land-Lake Street—Committee).

Charles L. Fitch offered the following substitute motion:

That the Moderator be instructed to appoint a committee of five citizens to bring in plans and estimates for a school building located on True Lot, Arlington, which shall be satisfactory to the School Committee, this committee to report at the next annual Town Meeting, and to have power to fill vacancies. That the sum of $750 be appropriated for the use of said committee.

There seemed to be considerable difference of opinion as to the authority of the Committee on Additional School Accommodations to procure plans and estimates for the school building to be located on the True property.

Mr. Gott assured the meeting that at the time the $750 was appropriated for the use of this committee the Finance Committee thoroughly understood that this money was to be used for plans and estimates on the building to be placed on the True Lot.

On the question of the substitute motion being put before the meeting, it was voted:

That the substitute motion as made by Mr. Fitch be not considered as the question before the meeting.

Rev. Warren N. Bixby offered the following substitute motion:

That the Committee on Additional School Accommodations be instructed and authorized to bring in plans and specifications for the building of the schoolhouse on the True site, Lake street, at the next annual Town Meeting.

Myron W. Dole proposed that the Rev. Mr. Bixby's motion be amended to read as follows:

That the Committee on Additional School Accommodations be instructed and authorized to bring in plans and specifications for the building of a schoolhouse on the True site, Lake street, at the next annual Town Meeting, and that the Moderator be instructed to appoint three additional members, said members to be residents of the Crosby School district.

M. Ernest Moore strongly protested against the idea of a Building Committee being composed of more members from the district where the building is to be located than of the other districts.

The orginal substitute motion as made by Rev. Warren N. Bixby, being put before the meeting, it was voted:

That the Committee on Additional School Accommodations be instructed and authorized to bring in plans and specifications for the building of the schoolhouse on the True site, Lake street, at the next annual Town Meeting.

Article 4 taken up (Extension of Sewerage System).

Voted (Unanimously): That the additional sum of eight thousand dollars be and hereby is appropriated for the extension of the sewerage system, said sum to be taken from available funds now in the treasury and expended under the direction of the Board of Public Works.

Voted (Unanimously): That the additional sum of seven thousand five hundred dollars be and hereby is appropriated for the extension of water mains, and that for this purpose the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the said sum of seven thousand five hundred dollars, and to issue bonds or notes of the town therefor, said bonds or notes to be payable in accordance with Section 19 of

Chapter 44 of the General Laws and all Acts in addition thereto or amendment thereof, so that the whole loan shall be paid in not more than five years from the date of issue of the first bond or note, or at such earlier date as the Treasurer and Selectmen may determine, said appropriation to be expended under the direction of the Board of Public Works.

Article 6 taken up (Sidewalk on Summer Street from Brattle Street to Park Avenue Extension).

Walter S. Elliett presented his idea of the urgent necessity of a sidewalk in this location, particularly on account of the children going to and from the Peirce School.

Nelson B. Crosby, Chairman of the Joint Board of Selectmen and Board of Public Works, gave the opinion of the Board in not recommending that this sidewalk be installed at the present time.

The original recommendation as made by the Finance Committee was put before the meeting, and it was voted:

That no appropriation be made for the construction of a sidewalk on that portion of Summer street extending from Brattle street to Park avenue extension.

Article 7 taken up (Establishment of Building Line —Corner of Medford Street and Broadway).

Voted (Unanimously): That the establishment of a building line along the northerly side of the way known as Broadway and the easterly side of the way known as Medford street, beginning at an iron bolt on the northerly side of Broadway, said bolt being S. 74 deg., 37 min. E. and a distance of 32.12 feet from the southeasterly corner of Cooper Tavern, so called, to the easterly side line of Medford street, as made and reported by the Joint Board of Selectmen and Board of Public Works, and more particularly described in Article 7 of the Warrant, be accepted; that said building line be established; and that, as provided in said

establishment, steps, windows, porticoes and other usual projections appurtenant to the front wall of a building may be erected and maintained between said building line and said ways, and buildings or parts of buildings, embankments, steps, walls, fences and gates existing at the time of the establishment of said building line between said building line and said ways may be permitted to remain and to be maintained; that said Joint Board be authorized to make any necessary takings for the purpose; and that the sum of one hundred dollars be and hereby is appropriated therefor, said sum to be taken from available funds now in the treasury.

Article 8 taken up (Alteration of Broadway and Medford Street).

Nelson B. Crosby explained the necessity of doing this work at this time.

On recommendation as made by the Finance Committee being put before the meeting, and the Moderator being in doubt as to the result, a standing vote was taken. Messrs. Hortter, Fessenden and Hilliard were appointed by the Moderator to serve as tellers.

Voted (Unanimously—One hundred and twenty-eight in favor, none in opposition): That the alteration of the ways known as Broadway and Medford street from a point on said Broadway distant 100 feet southeasterly from its junction with said Medford street and Massachusetts avenue to a point on said Medford street distant 60 feet northeasterly from its junction with said Broadway, more particularly described in Article 8 of the Warrant, as made and reported by the Joint Board of Selectmen and Board of Public Works, be accepted, said ways as so altered, established, and said Joint Board authorized to take land for the purpose; and that the sum of eleven thousand four hundred dollars be and hereby is appropriated for the original construction of said ways as so altered, including land damages

and the cost of pavement and sidewalks laid at the time of said construction, and that for this purpose, in accordance with the provisions of clause (6) of Section 7 of Chapter 44 of the General Laws and any additions thereto or amendments thereof, the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the said sum of eleven thousand four hundred dollars, and to issue bonds or notes of the town therefor, said bonds or notes to be payable in accordance with Section 19 of said Chapter 44 and all Acts in addition thereto or amendment thereof, so that the whole loan shall be paid in not more than five years from the date of issue of the first bond or note, or at such earlier date as the Treasurer and the Selectmen may determine, said appropriation to be expended under the direction of said Joint Board.

Article 9 taken up (Zoning By-Law Amendment—Section 11, Paragraph B—Garages).

Cyrus E. Dallin, Chairman of the Planning Board, reported that it was the unanimous opinion of the members of the Planning Board that this amendment should be made.

Voted (Unanimously): That Section 11 of Paragraph B of the Town's Zoning By-Law adopted by vote passed May 15, 1924, relating to Area in Single Residence Districts be and hereby is amended by inserting after the word "or" in the third line thereof, the words "except one and two car garages" so that said section as amended shall read as follows: No part of any building, except uncovered steps, shall be constructed, altered, enlarged, reconstructed or moved, so as to be less than fifteen feet from any street line, or except one and two car garages less than seven and one-half feet from the line of any adjoining lot or less than fifteen feet from any other building on the same lot except as otherwise provided in this section.

Article 11 taken up. (Zoning Map—Bowen and Howard Streets.)

Cyrus E. Dallin reported that it was the opinion of the Planning Board that no change should be made in the Zoning Map as referred to in Article 11 of the Warrant calling this meeting.

Voted: That the report of the Planning Board be received.

William C. Drouet offered the following substitute motion:

That the Zoning By-Law be amended by altering the Zoning Map therein referred to so as to include in the General Residence District the Lots numbered 23 to 29 as shown upon a Plan marked "Plan of Lots belonging to the Estate of Ira L. Russell, Arlington, Mass., Scale 40 feet per inch, January, 1921, C. H. Gannett, C. E., 53 State street, Boston, on file in the

office of the Town Clerk, both inclusive, situated on the westerly side of Howard and the southerly side of Bowen street now shown on said map as a Single Residence District.

Philip A. Hendrick representing Mrs. Eva Blodgett, the petitioner, explained the petition for this change in the Zoning Map.

The substitute motion being put before the meeting and the Moderator being in doubt as to the result a standing vote was taken, Messrs. Hortter, Fessenden and Hilliard acting as tellers.

On the motion of Frederick A. Hortter that the question be put before the meeting, the Moderator being in doubt as to the result, a standing vote was taken, Messrs. Hortter, Fessenden and Hilliard being appointed as tellers. The count showed that fifty were in favor and seventy-five in opposition, the Moderator declaring the motion lost.

REPORT OF THE BOARD OF SELECTMEN

The following is the report of the Board of Selectmen for the year ending December 31, 1924:

At the annual meeting in March 1924 Mr. Frederick W. Hill was elected a member of the Board for a term of three years, and was sworn to the faithful performance of his duties. The Board then organized, with Nelson B. Crosby as Chairman, John A. Easton, Clerk of the Board and Agent of the Overseers of the Poor, and S. Frederick Hicks, Assistant Clerk of the Board.

It is with profound regret that we note the death of Mr. S. Frederick Hicks on August 9, 1924. Mr. Hicks was Selectman of the town for three years beginning 1905. and in the latter part of his life acted as Clerk for the Selectmen, bringing to the Board and town the benefit of his matured experience.

TOWN DEBT AND TAX RATE

The Town Debt on December 31, 1924, was $971,000. This is an increase of $65,000 over the amount at the end of 1923. The Sinking Fund total on December 31, 1924, was $100,991.46.

The total appropriations	$1,607,694.63
Total amount raised by taxes	$1,142,230.96
Property valuation	$37,156,682.00

POLICE

The force is now composed of a Chief, Lieutenant, three Sergeants, and twenty-three patrolmen. This is composed of the men for regular police work and a squad of nine in charge of a Sergeant as a traffic squad. During the year a motor cycle was purchased for the

use of the Department, and it has proved its efficiency in various ways. It has been of immense help in the traffic work and also in the general police work, being equipped with a side car, so that it can go to any point from which a call may come. Spot lights have been erected for the protection of the traffic officers in the dangerous points.

The Board feels improved quarters are an imperative need. The old Town Hall, which is now used, is inadequate, and the cells in the basement are damp most of the time, notwithstanding extraordinary efforts to make them sanitary.

In view of the recent "crime wave" which has come upon the Metropolitan District, we feel that the citizens have every reason to be proud of their Police Department. We have had more burglaries than usual, but this situation has been efficiently met by the Chief and his men, and kept to a minimum. We take this occasion, as a Board, to congratulate the Chief and his men for their work.

FIRE DEPARTMENT

Our Fire Department is composed of fifteen permanent men, twenty-three call men, and a Chief, with five pieces of apparatus in commission. This leaves an average of three permanent men to a piece. Inasmuch as our men have one day off in three, at no time are there more than two men per piece. This, of course, allows a piece of apparatus always to be manned to get to a fire, and then, unless call men are picked up on the way, it must wait until they arrive. The number of permanent men should be increased.

The town has grown; building permits amounting to over $4,000,000 in 1924 were issued, and we still depend largely on the call system of firemen.

Fortunately we have not had any conflagrations this year. There were two bad fires, the Masonic Block

and the Baptist Church fires, both of which were efficiently handled. Undoubtedly the careful inspection work of the Chief and his men, much of which was done on time off, has saved the town a number of bad fires.

In the matter of fire prevention, Arlington has undertaken something attempted in no other town. It is the inspection of every building, including dwellings. Of course, there are regular inspections for store and manufacturing property, but never before has a fire chief attempted to help the citizens avoid loss by inspecting the fire hazards in dwellings. This is all brought out in detail in the Fire Chief's report, which we recommend for careful study.

The new engine house on the triangle lot is rapidly reaching completion. When finished this will represent the most modern equipment in fire alarm systems and facilities for the firemen. It is expected that this building will be ready for occupancy about June 1. The use of the Highland House will not be discontinued, as the Chief plans to keep apparatus there to protect the Heights section. The railroad is between the new headquarters and the Heights, and it would not be extraordinary if the apparatus was held up occasionally. For this reason the Highland Station should be kept in use.

BUILDING DEPARTMENT

1924 has been a year of phenomenal growth for the Town of Arlington. Over $4,000,000 in permits were issued, making it the largest year yet. Fees for various permits authorized by the Annual Meeting of 1924 have made this Department more self-supporting, the total amount received during 1924 being $3,057. Most of these fees were not effective until June 9, 1924, five days after the final adjournment of the Annual Meeting, at which fees for gas and building permits were authorized.

ROBBINS HALL

Early in the year the Board studied the matter of rental of the hall, and reduced the charges to a minimum, based on present costs. The result has been that the hall has been much more used by the townspeople, and the revenue derived from it has not suffered. The receipts for this year were $3,594. The policy of the Board in renting the hall has been to make it available for home people and organizations rather than outsiders, inasmuch as the hall was given for the use of the townspeople and not for revenue deriving organizations from other towns.

During the year the painting of the inside of the hall has been completed, and we do not look for any great amount for repairs during the coming year. The roof also has been gone over and found to be in first-class shape.

OUTSIDE POOR

The amount necessary for outside poor does not seem to increase much as time goes on. It is largely, of course, an economic question, there being less to disburse when business in general is good and people can obtain work. There are about thirty on the regular payrolls being cared for the town. Disbursements in 1924 were $24,543.27, of which we received back $7,418.41 from other cities and towns in which the person assisted was found to have a settlement.

We also call your attention again to the bills from the hospital on account of emergency accident cases. Under the law of the Commonwealth, a hospital taking an emergency case may collect from the town. This is irrespective of whether the accident happened within our limits or not. The town may get back some of this money, but the hospital is entitled to be paid in the first instance. During 1924 we have paid $1,488.75, and

there are other bills pending. The hospital is co-operating with the Board, and attempts to collect these bills, but all they are unable to collect must be paid by the town.

INSURANCE

The town insurance during 1924 was handled through the town insurance agent. This method has proved to be extremely satisfactory. Adjustments and information are received much more speedily where one person is responsible for them than formerly.

AUDITOR

On July 1st George MacKay Richardson, Auditor of the town for sixteen years, resigned his position. It was with deep regret that the Board accepted same, and did so only in deference to Mr. Richardson's desires. Mr. Clarence Needham was appointed to fill the unexpired term.

After Mr. Needham's appointment the Commonwealth made an audit of the town's accounts, the result of which was most gratifying to the Board. At the same time the accounting system under Section 35, Chapter 34 of the General Laws was installed. This was authorized by vote of the Town Meeting held December 5, 1923. This new system is working well now, and seems to be a good thing. It is more simple, and is the uniform system which in the near future will probably be required of all cities and towns. Under this system the Selectmen approve all bills of the town. This makes for more detail in the Selectmen's office, but it is felt that such a state of affairs will be most beneficial to the town.

ZONING

During 1924 the town adopted a Zoning By-Law. The policy of the Board, which is the Board of Appeal

named in this by-law, has been to grant relief only in cases of extreme hardship. We feel that there should be no wholesale letting down of the provisions of this ordinance, thinking that if any particular section is detrimental it should be remedied by amendment, as provided in the law.

Pursuant to this, the Board recommended that the sections on the matter of distances of one and two-car garages from other buildings and lot lines be put back under the Fire Marshal's rules for the Metropolitan District. This recommendation was accepted and voted by the town at the October meeting.

Several suits are pending to test the validity of the law, and two have been settled in favor of the town. No final judgments, however, have yet been rendered.

BUS LINES

During the year the Board has granted licenses for the operation of two bus lines in the town, that of the Boston & Middlesex Railway and the Eastern Massachusetts Railway. The Board feels that this method of transportation will probably develop considerably in the near future, but also feels that some provisions should be made to compel the licensees to contribute to the upkeep of our roads. At present they do not help in any way.

APRIL 19, 1925, CELEBRATION

April 19, 1925, being the 150th anniversary of the Battle of Lexington, the Board, in accordance with the vote of the Town Meeting and co-operating with the officials of the various towns along the route of Paul Revere, appointed a Committee to look into the question of an adequate celebration. On this Committee the Board tried to get representatives from all patriotic and civic organizations of the town.

The Board takes this occasion to make acknowledgment of the generous gift made by Mrs. Clara S. Peirce and Mr. Peter Schwamb to the town of Arlington, of the large parcel of land adjoining the Cutter School, to be used as a playground.

This gift is made in memory of their father, the late Theodore Schwamb, who was one of the leading manufacturers of the town, and a public spirited citizen.

For details of the various Departments, the citizens are referred to the several Department reports.

REPORT OF THE LICENSING COMMISSION

To the Honorable Board of Selectmen:
Arlington, Massachusetts.

The Licensing Commission hereby respectfully submits its first annual report.

The new regulations of the State Fire Marshal put in operation in 1923 requiring hearings on all applications for garage licenses before the Board of Selectmen demanded so much of the Board's time as to seriously interfere with the proper consideration of other more vital matters.

In order to be relieved of this burden the Board of Selectmen appealed to the Fire Marshal for relief, and by his authority and with his approval appointed a Special Licensing Commission consisting of the Chief of the Fire Department, Chief of Police and Inspector of Buildings to hear and act on all applications for licenses for one and two-car garages.

The Commission held its first meeting Friday, May 2, 1924 in the Selectmen's Room at 8 P. M., and organized with Daniel B. Tierney, Chairman, and John A. Easton, Clerk.

The first and third Fridays of each month were designated as the dates for hearings. Twenty-five hearings were given at the first session of the Commission.

The Commission has held eighteen sessions, and has given two hundred forty-seven hearings.

After the passing of the Zoning By-Law the restrictions therein prevented this Commission from granting licenses to at least 75% of the applicants.

This condition was so manifestly unfair and imposed a hardship not intended by the framers of the Zoning By-Law that the Selectmen, in order to relieve the situation, inserted an article in the warrant for the special town meeting held in October to amend the Zoning By-Law by removing the restrictions imposed and substituting the regulations of the Fire Marshal.

Operating under the amended By-Law, it is now possible to grant licenses to virtually all applicants.

Respectfully submitted,
DANIEL B. TIERNEY,
THOMAS O. D. URQUHART,
WILLIAM GRATTO,
Licensing Commission,
Town of Arlington.

REPORT OF FIRE DEPARTMENT — 1924

To the Honorable Board of Selectmen,

January 1, 1925.

Arlington, Mass.

Gentlemen:—

I have the honor to submit my second annual report as Chief of the Fire Department, for the year ending December 31, 1924.

The Department consists now of fifteen permanent men, three of whom were appointed in May and twenty-three call men.

With the death of ex-Captain Daniel J. Sullivan on September 29th, the town lost its oldest and one of its most efficient firemen. He had served from 1877 to 1922, at which time he was pensioned but his active interest and assistance to the department only ceased with his death.

Combination D (reserve since 1917) was put into regular service at the Highland Station last May, responding to all alarms north of Jason and Mill streets. Each section of the town is now protected by two pieces of apparatus that do not respond outside of their district unless summoned by a second alarm or special call. In addition to the better protection furnished by this arrangement whereby the pieces respond together, the mileage of all apparatus except the ladder truck has been materially reduced by eliminating the long runs. The ladder truck, of course, must answer all bell alarms.

The Department responded to 77 bell alarms, 160 still alarms, 13 Mutual Aid calls, a total of 250 for the year.

1923		1924

Under date of July 1, 1924, the name of Combination B was changed to Engine 1.

SERIOUS FIRES

March 20th, the Masonic Block was badly damaged by fire which started in the cellar from the heater, causing a loss to the buildings and contents of $21,668.55.

October 24, 5.55 A. M., box 39 was sounded for a fire in the Baptist Church. A passing motorist discovered and reported it to the men at the Highland Station, and when the alarm was turned in the building was completely involved. At 5.59 A. M., four minutes later, a General Alarm was given, calling Somerville, Medford, and Belmont. This Mutual Aid group rendered valuable assistance, and although fifteen water lines were in action, five from pumping engines, it was 12.07 P. M. before the recall was sounded. Cause of fire unknown.

Insurance paid on building	$60,974.37
Insurance paid on organ	16,000.00
Insurance paid on contents	3,278.94
Total	$80,253.31

December 14th, fire gutted the interior of the residence of Arthur Birch, 74 Wollaston avenue, from overheated furnace while the family was out. Loss on the building, $8,000.00; on contents, $3,500.00; total $11,500.00.

FIRE PREVENTION

During this year all mercantile buildings were given closer inspection. Once in every two weeks, firemen examined each store, office, etc., to prevent accumulation of inflammable waste material, and to discover other fire hazards. As a result only one store fire occurred, and that same store had given us the only serious fire last year. In 1924, 9,152 inspections were made as compared with 4,180 in 1923.

Being thoroughly convinced that the best time to put out a fire is to attack it BEFORE it starts in the place WHERE it starts, our Fire Prevention Week program was a visit to every one of the 3,918 dwellings of the town. Almost every cellar was inspected and advice given concerning the accumulation of papers and rubbish, ashes in wooden containers or against wooden par-

titions, defective chimneys and smoke pipes, and the laying of electric wires across iron pipes or the fastening of them in place by nails or iron staples.

In practically every inspection throughout the year, whether business or residential, the men have received the greatest courtesy and most splendid co-operation. All dwellings will be inspected annually. Total inspections for the year—13,070.

I earnestly recommend that the practice of collecting rubbish only once a month during the summer season be discontinued. 206 permits were issued to burn rubbish out doors. These permits may be obtained at either station at any time.

From the first of February, 772 automatic gas shut-offs have been installed on all new gas meters or replacements. When fire occurs near the meter, this device automatically shuts off the flow of gas through the main before the heat becomes intense enough to destroy the meter, thereby preventing the spread of fire, and adding much to the safety of the occupants and the building. Although the installation is not compulsory under our building code, Mr. Woodhead of the Arlington Gas Light Company, knowing their great value in case of fire, has ordered that one of these automatic gas shut-offs be attached to each new meter.

All school buildings were inspected and 74 extinguishers recharged.

Recommendations relative to sprinklering the basements of the schools were made to the Selectmen, who forwarded them to the School Committee for consideration.

A drafting platform was constructed on the shore of Spy Pond at the end of Linwood street, large enough to place two pumping engines in case of fire in the ice houses or any of the buildings bordering on the railroad. The front wall of this platform is under four feet of water and was constructed by the firemen at a cost of $16.79, the price of the cement.

Tunnels have been placed under the tracks for the hose in order that the train service would not be interrupted. The approach to the platform was built by the Highway Department.

RECOMMENDATIONS

As a measure of added protection, I recommend that the high pressure water service be extended to the greatest limit possible this year. Particularly, that this service be continued from the dead end at Russell Park opposite No. 20 Mystic street, in a loop around Chestnut street to the dead end at the Russell School on Medford street. The section bounded by Massachusetts avenue, Mystic, Chestnut and Medford streets is a high value district and should have adequate water protection.

Also that a main be laid from Highland avenue through Grove street to increase the pressure at the Symmes Hospital. This arrangement would give a direct flow from the standpipe without reduction. At present the pressure is reduced on Massachusetts avenue opposite Brattle street. The only hydrant at the hospital has a pressure of approximately thirty (30) pounds, not enough to supply a pumping engine or to furnish sufficient water for sprinklers in the basement, a protection absolutely necessary to safeguard the lives and property. If a serious fire occurred there, the fire department would be practically powerless with the present water supply.

That as soon as possible thereafter, a main be laid from the junction of Mystic and Chestnut streets to connect with the high pressure service line on Summer street.

The entire section east of Soldiers Monument, including Pleasant and Medford streets, is the low pressure area, ranging from forty (40) pounds to a maximum of sixty (60) pounds. This part of the town, particularly what is known as East Arlington, is entirely covered

with two-apartment houses and contains one sixteen-room school building and the erection of another is under consideration, also valuable mercantile property. I recommend that the high pressure service be extended to this district at the earliest possible time.

Hydrants should be installed on the low service main between the Police Station and Brattle street. Between these two points there are no hydrants at present on this service. On the intermediate service main between Brattle street and Forest street, four (4) hydrants should be installed. In case of fire on the northerly side of Massachusetts avenue, hose is stretched across this thoroughfare completely tying up all traffic, often for a considerable time. Massachusetts avenue is one of the main arteries of travel in this Commonwealth, and it is to avoid interruption of this traffic that the above recommendation is offered.

Arlington is now too thickly populated to depend any longer on the service of a single ladder truck, a most valuable piece of apparatus for protection to life in case of fire.

In addition to the ladders, the truck carries a large equipment of safety and emergency appliances that cannot easily be transferred to the other apparatus, if, for any reason the truck is unable to respond to an alarm. Any other piece of apparatus may be borrowed from a neighboring department in an emergency, but no one will take the responsibility of lending a ladder truck, willing though they are to send one on special call. Even that, of course, would occasion a great delay and might be too late to help in the rescue work.

Two trucks would adequately protect the town for years to come, each one serving its own section except in case of disability, when one could cover the whole town during the period of repair.

I recommend the appropriation of $10,000.00 for the purchase of a ladder truck.

Four (4) men should be appointed the coming year to increase the force sufficiently to respond to calls received by telephone and Mutual Aid calls without sounding an alarm and wait for call men to arrive. Somerville responds to seven (7) boxes in Arlington on first alarm with five (5) men; Medford responds to two (2) boxes in Arlington with five (5) men and Belmont responds to six (6) boxes in Arlington with four (4) men, without sounding an alarm.

When the new station is completed, a fireman will be stationed at the desk every minute of the day and night ready to receive calls by telephone and transmit alarms. When the entire department is engaged in fighting fires, he will be on duty to signal for outside assistance immediately. The department must gradually change to a permanent basis with sufficient men available at station when alarms are received. No more call men are being appointed to replace those leaving the department.

I recommend the appropriation of $58,228.00 for the maintenance of the Department for the ensuing year, this sum to cover the expense of procuring new ladder truck and four (4) additional men.

In concluding, I wish to express my gratitude to the Honorable Board of Selectmen, the Police Department, the Highway Department and to all who in any way assisted in making the work of the Department effectual.

To the officers and men of the Fire Department, I extend sincere thanks for their faithful performance of duty, and particularly do I appreciate the work of the men who so willingly gave of their days off during the inspection of dwellings.

Respectfully submitted,

DANIEL B. TIERNEY,

Chief.

Traffic

In 1922 there were six deaths caused by autos, and in 1923 there were four, and in 1924 there were two.

This was two too many, and was due to negligence on the part of the drivers.

There were 227 auto collisions recorded in which no person was reported injured, but where the machines were more or less damaged.

There were 51 auto collisions in which personal injury was claimed.

Much has been said and can be said on this subject of traffic, but to get results that will diminish the loss of life and prevent personal injury is quite another problem.

We have strictly enforced the auto laws, and feel that in diminishing the number of deaths due to autos from six in 1922 to two in 1924 that some gain has been made; and it is our determination, if humanly possible, to have a clean record of no killings for 1925.

The traffic squad, consisting of a sergeant and eight men on traffic posts and one man doing patrol duty on a motor cycle, did efficient work, and are entitled to much credit.

During the year we have attended many Safety First Council and traffic expert meetings. We have urged that a state law be passed forbidding autos to go to the left of an electric car; that all autos coming out of streets on the right into main thoroughfares be made to come to a full stop before entering upon the line of traffic; and that all persons owning autos be compelled to carry personal injury liability insurance.

During the year talks on safety first were given at the High and Junior High Schools, and through the courtesy of Mr. Hoffman, owner of the Regent Theatre, several talks were given at this theatre. I believe these talks were well received, and helped prevent accidents.

The sale and exchange of 690 automobiles in Arlington have been recorded at the police station during the year, and 3273 autos have been reported to us as having been stolen in the Metropolitan District.

Four autos were reported to us as stolen in Arlington, and these have been recovered.

There is a serious demand for more traffic officers at various points, but the fact should not be lost sight of that, owing to the large growth of the town, we need more men on night patrol.

Fatalities investigated other than by automobiles were:

Suicide	2
Shock	2
Drowning, accidental	2
Struck by railroad trains	1
Accidental falling down stairs	1
Alcoholism	1

As compared with other cities and towns surrounding us, we have been fortunate in the small number of breaks, holdups, and larcenies.

Every precaution within the means at our command has been taken to prevent these occurrences, and Inspector Hooley was detailed to give his whole time and attention to this line of work.

If the citizens would phone us upon seeing any strange person in their locality acting in, to them, a suspicious manner, it would be greatly appreciated, and would help us immensely in keeping crooks out of this town.

It is a wonder that more stores are not looted, when you find that your police have found during the year 564 stores unlocked, and secured them.

During the year 35 persons have been arrested for breaking and entering, and 65 for larceny.

Several good arrests have been made by your patrolmen for breaking and entering, and a few breaks have been cleaned up, but hardly any of the property stolen has been recovered owing to the stubborn refusal of the thieves to assist in restitution.

We have caused the liquor laws to be rigidly enforced, and I have every reason to believe that this community is more free from this evil than any other in the district.

On account of days off (every officer by law is entitled to one day off in every eight), vacations, and sickness, officers have been absent 1488 days.

Police Signal System

72,341 duty calls and 2352 telephone calls have been received at the station from officers on patrol during the year.

There is need of two new boxes being added, and the cost of installation has been taken up with Superintendent Mason of the Wire Department, who will ask that an appropriation be made for this purpose.

There are now 22 boxes, located as follows:

Box 12, Mass. avenue, corner of Henderson street.
Box 13, Mass. avenue, corner of Winter street.
Box 15, Mass. avenue, corner of Tufts street.
Box 16, Lake street, opposite Lakehill avenue
Box 141, Mass. avenue, near Monument.
Box 21, Medford street, near Lewis avenue.
Box 22, Mystic street. corner of Boulevard.
Box 23, Mystic street, opposite Falmouth road.
Box 24, Broadway, opposite River street.
Box 25, River street, corner of Decatur street
Box 26, Broadway, corner of Cleveland street.
Box 31, Mass. avenue, corner of Central street.
Box 32, Gray street, near Bartlett avenue.
Box 34, Pleasant street, corner of Gould road.

Box 41, Mass. avenue, near Grove street.
Box 42, Park avenue, corner of Prospect avenue.
Box 43, Brattle street, corner of Summer street.
Box 44, Mass. avenue, corner of Forest street.
Box 45, Wollaston avenue, corner of Tanager street.
Box 46, Mt. Vernon street, corner of Gloucester street.
Box 412, Park avenue, corner of Mass. avenue.
Box 431, Westminster avenue, corner of Westmoreland avenue.

In conclusion, I wish to express my deep appreciation to your Honorable Board for the staunch support and wise counsel given me in the performance of many unpleasant duties.

To the Honorable Justice of the Third District Court, Arthur P. Stone, and his assistants we are deeply grateful for their loyal co-operation with us in the enforcement of the law.

To the Registrar of Motor Vehicles, Frank A. Goodwin, I extend my thanks for his strong guiding hand in assisting us, as he is assisting every Chief of Police in the state, in trying to make our streets safe for our citizens against the drunken driver, the speedster, and reckless drivers of autos.

Respectfully submitted,
THOMAS O. D. URQUHART,
Chief of Police.

GYPSY AND BROWN TAIL MOTH DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen: I herewith submit my report as Superintendent of the department for the suppression of Gypsy and Brown Tail Moths for the year ending December 31, 1924. The work of this department has been carried out mainly on the same lines as pursued last year with the exception of clearing and brush cutting on neglected lots. All woodland spraying was discontinued on account of the reduction of last year's appropriation.

The condition of the town is very good. There are, however, scattered infestations of the Gypsy Moth nests found in all parts of the town and if let go unnoticed for a period of two or three years we would again have the same conditions that prevailed a few years past and all the money spent in bringing about our present condition would have been wasted. The average number of eggs in one nest is 500 and you can readily see that it would only mean that if a few nests were left to pupaeat it would only take a short time to again have a severe infestation.

During the late summer we had a bad infestation of the Fall Web Worm, which many mistook for the Brown Tail Moth. These insects whose large and unsightly webs appear in the late summer are especially noticeable wherever there are willows, or cherry trees. On the willows in the rear of Mt. Pleasant Cemetery six hundred and fifty-eight nests were destroyed. In the rear of St. John's Church on Academy street it was necessary to remove the crowns of five cherry trees on account of this insect. I expect that there will be a large infestation this year as they pass the winter hidden amongst trash and leaves on the ground. The best methods of control are spraying and cutting out all wild cherries.

The Satin Moth is noticeable wherever the Poplar is. The town will have little trouble from this moth as we have but a few Poplars on our streets. It will be necessary for private owners that have Poplars on their estates to have their trees sprayed especially for this insect as it requires a later and stronger spraying than for the Gypsy Moth.

By request from the Board of Health this department sprayed the stagnant pools in the rear of Mt. Pleasant Cemetery, in Menotomy Park, on all the ash dumps and along the Summer Street Boulevard near Lexington Line for the mosquito nuisance at a cost to this department of $95.00 for which we were reimbursed.

This past year the appropriation was $5,000 and of this amount a little over $1,000 was returned in taxes from private work. If we intend to keep the town in the clean condition that it is at present I would recommend that no further reduction be made in this appropriation. Through the efforts of your Honorable Board and myself I am able to report that the badly infested area in Belmont reported last year has been cleaned by the State Department. The following is an account of expenditures of the year.

REPORT OF THE TOWN CLERK'S DEPARTMENT

Arlington, Mass., December 31, 1924.

The report of this department for the year ending December 31, 1924, is herewith submitted.

For reports of Town Meetings, Cemetery Commissioners, Registrars of Voters, all of which come under the work of this department, reference is made to those headings.

The following report of births, deaths and marriages is somewhat changed from the reports of previous years. The town has grown so rapidly that this report each year has consumed a large part of the Town Report. After careful investigation and on advice from the State Registrar of Vital Statistics, a table of statistics has been prepared for the births, deaths and marriages in place of the report which has been given in former years. The comparative tables have been compiled with the idea of giving more general information. Any information relative to a specific record will be found at the Town Clerk's office.

BOARD OF HEALTH

The Board of Health herewith submits the 30th annual report of the work of the department with a summary of what has been accomplished during the year ending December 31, 1924. In so far as communicable diseases are concerned, we have had a remarkably healthful year, and judging from reports received it would appear that similar conditions prevailed throughout the entire United States.

ORGANIZATION OF BOARD

ALFRED W. LOMBARD, Chairman
CHARLES F. ATWOOD, M. D.
ERNEST R. BROOKS, D. M. D.

APPOINTMENTS

WILLIAM H. BRADLEY, Agent and Clerk
EZEKIEL PRATT, M. D., Physician to Board

*ETHEL M. FISHER, R. N., Nurse

LOUISE L. LaPORTE, R. N. Asst. to Dental Operator
ALFRED W. LOMBARD, Inspector of Milk
WILLIAM H. BRADLEY, Collector of Milk Samples
CHESTER L. BLAKELY, M. D. V. Insp. of Slaughtering
WILLIAM H. BRADLEY, Insp. of Slaughtering

Following its established custom the Board meets the first Monday of each month at 7.30 P. M. for the transaction of routine business. In addition to the regular, four special meetings have been held, and two hear-

ings. The personnel of the department remains practically the same as that of last year. A brief report with a few comments on the common reportable diseases follows.

DIPHTHERIA: Twenty-five cases of this disease were reported the past year against fifty-three cases in 1923. While we make no claim, we do feel that the large number of children who, through the efforts of this Board received the immunizing treatment of toxin-antitoxin is, in a measure at least, responsible for the reduced number of cases.

SCARLET FEVER: Sixty cases of this disease were reported the past year against eighty cases in 1923. It becomes more and more apparent that there is yet a lot to learn about this disease; as to just what it is, and what causes it. One noted specialist in commenting on it, stated that scarlet fever is a "conglomeration of all diseases". However, from the reports received of research work in connection with the disease it is confidently expected that the very near future will bring forth an artificial toxin-antitoxin that will give the medical profession control over scarlet fever similar to that which they now possess over diphtheria.

TYPHOID FEVER: Five cases of this disease were reported the past year against two cases in 1923. The cause of this disease can usually be traced to the partaking of infected food, milk or water, and in every case it is a positive indication of an unsanitary condition in the community of its origin. We are pleased to record in the above cases the origin was traced to out of town sources. The fact of these cases being traced to outside sources leads us to urge upon our citizens, particularly automobilists, campers, and persons obliged to travel, the necessity of protecting themselves against this disease by the simple method of immunization with the typhoid prophylactic.

TUBERCULOSIS: During the past year there were reported to this office thirty-eight cases of Pulmonary Tuberculosis. This is a fair average of the number reported each year. As a result of many years of continuous study by specialists, it is now believed that the great majority of tuberculosis infection occurs in early childhood, and further that the disease at this age, will more readily yield to medical treatment than later in life when it has gained a firm foothold. In accordance with this belief the State Department of Public Health has inaugurated a State-wide campaign known as the "Ten Year Health Program."

With the co-operation of the local governments, it is hoped that every child in the state of early school age will be examined, and those found to be in need of treatment placed under the care of the family physician, or the local Board of Health.

MEASLES, WHOOPING COUGH, and other so-called minor diseases of childhood. These so-called minor diseases, looked upon by the average parent lightly, are primarily the cause of many deaths annually. Particularly is this true of the age group under five years, at which period in life the average child has very little power of resistance. In the age group between five and ten years the child is physically stronger, has more power of resistance, and will withstand an attack of any of these diseases much better than the younger and weaker child. It is therefore essential that parents be ever on their guard in protecting their children, and especially the very young children against these minor diseases.

SCHICK TEST: Two very successful clinics have been held the past year under the direction of this Board. To date we have administered the treatment to more than twelve hundred children in Arlington, and in no case have we had a report of any serious after affects. Free clinics will be held the coming year, and it is hoped

that parents will take advantage of the opportunity of having their children immunized against this disease.

VALLEY SEWER: This sewer, the construction of which has, upon every occasion, and at every opportunity, for a number of years past, been advocated by this Board, will, we believe, be completed, and in operation ere the close of the year 1925. The State has appropriated the sum of $650,000 for the work, and the first section, from Canal street in Medford to the Arlington line, is now under process of construction with every indication of the remaining sections to its terminus in Forest street, Arlington, being under construction in the early Spring. The completion of this sewer will allow of the draining of all of the north and northeasterly sections of the town, and in addition will relieve the already overburdened main sewer in Massachusetts avenue. Too much credit cannot be given to our worthy representatives, Senator Charles C. Warren, and Representative Bert S. Currier for their untiring and indefatigable efforts in having this much needed measure passed by the State Legislature.

AUTOMOBILE: The automobile purchased the past year has proven its worth as a saver of time and labor in conducting the work of the department.

DENTAL CLINIC: We are pleased to report that with the close of 1924 another successful year has been added to the credit of this very important feature of the department.

SPY POND: Each year during the warm summer months numerous complaints are received relative to the condition and odors arising from the rank vegetable growth in Spy Pond. In looking over old records we find that these complaints extend over a period of twenty-five years. That this growth is a nuisance and should be removed there is no question, yet the removal by dredging, or destroying by chemical process, if that

method is found practical, will mean the expenditure of a large sum of money, which from present advices it would appear will have to be borne entirely by the town. The present Board has given this matter much serious thought, have sought the best advice obtainable, and hope in the near future to be in possession of additional information bearing on the subject which, when available, will be placed before the Town Meeting, when the citizens can decide as to whether or not they care to undergo the expense of remedying these conditions.

LICENSES AND PERMITS: The usual number of licenses and permits conforming with the statutes and our regulations were issued the past year.

The statistical reports, together with the reports of appointees giving an account of their work in detail, are appended.

REPORT OF AGENT

To the Board of Health, Arlington, Mass.

Gentlemen: I herewith submit my report as Agent of the Board for the year ending December 31, 1924.

In so far as possible weekly inspections are carried out at all food producing and distributing establishments in the town, including markets, bakeries, lunch rooms, etc. In all seventeen hundred and eighty-five (1785) inspections were made during the past year and in some instances food unfit for human consumption was found and ordered destroyed. With very few exceptions the law in regard to cleanliness and proper care of goods is observed, and the grade of foodstuffs sold in Arlington, including that served in restaurants and lunch rooms, will compare favorably with that sold and served in other towns.

Inspections to the number of one hundred and twenty-five (125) were made at barber shops, massage parlors, waiting rooms, etc.

One hundred and seventy (170) complaints requiring investigation were received and adjusted. Numerous minor complaints of which no record was made were received and adjusted by the agent without action by the Board.

Upon request of various physicians hospitalization for persons afflicted with communicable disease was provided as follows:

Patients placed in contagious hospitals	19
Patients placed in State Sanatoria	10
Patients placed in tuberculosis hospitals	4

To the Board of Health, Arlington, Mass.

Gentlemen: I herewith submit my report as Milk Inspector for the year ending December 31, 1924.

The quality of the milk sold from a solids and fat standpoint remained about the same as last year. Bacteria counts have with a few exceptions been satisfactory, indicating care in handling and prompt and efficient cooling. A summary of the year's work follows:

REPORT OF SCHOOL COMMITTEE
FOR THE YEAR 1924

To the Citizens of the Town of Arlington:

Your School Committee organized for the year on March 7 last. Since the issue of its last report the Committee has held ten regular meetings and eight special meetings, and a very large number of meetings of sub-committees, notably the committees on Finance, on Repairs and on Rules. The rapid growth of our school system in recent years and the consequent additions to our housing facilities and our corps of teachers have placed upon the Committee elected by you to administer your school system a growing responsibility and an increasing necessity for devotion of time and of service. It is a pleasure to bear witness to the fidelity with which the members of our School Committee, without stint of time or effort, have discharged the trust you have committed to them.

Last March the Committee lost the services of three members, Carl H. Carroll and John W. Downs, who retired after three years of service, and Foster P. Doane, who served out the term left vacant by the resignation in the fall of 1923 of Herbert A. Snow. These vacancies were filled by the election of George E. Russell, Albert H. Morris and Eugene F. Freeman. During the past year the school system has lost by retirement two of its veteran teachers, Miss Jennie A. Chaplin and Miss Elizabeth A. Day. Miss Chaplin served the schools of Arlington for thirty years, and as principal of the Cutter School, by her executive capacity and the strong hold of her personality upon her pupils made her school a model of what a school should be. Miss Day, in a long

service of forty years, left upon the incoming classes at the Russell School, through many years, the impress of an influence that they will always remember with gratitude.

The main accomplishments of the past year have been the three steps taken in fulfilment of the building program announced two years ago, and the further reorganization of the school system along the lines recommended in the Superintendent's report of last year. The opening of the Peirce School and the addition at the Cutter School have relieved the congestion at the Cutter and Locke schools. At the Crosby School, at present the largest in town, with over 900 students, the committee has attempted to cope with the overcrowding by transfer of the portable from the Junior High School Center, and the use of the platoon system in Grade I. An end to these makeshifts is in sight, with the purchase of the Lake Street lot, as recommended by the School Committee last year, and the prospect that by next fall several rooms in the new building to be erected on that site will be available for classes. With this relief in East Arlington, the town will need to consider next the needs of the Center, where overcrowding exists at the Russell, the Parmenter and the Junior High Schools. It is clear that a Junior High School East and an addition to the Parmenter School must be provided within the next two or three years. Arlington has at present a school enrolment of about 4200 pupils. In this, and in the size of its High School enrolment, it leads the towns in the State, Brookline only excepted, and stands ahead of several of the cities.

Of constructive changes within the school system, especially worthy of mention are the elimination of departmental work in grades IV and V, and of classes in typewriting from grade VIII. In the latter grade practical arts have been made elective; a three year pro-

gram in Social Science, with the first year in geography, the second in history and the third in government, has been put into operation in the Junior High Schools.

During the past year the School Committee has recommended to the voters at Town Meeting the installation of boilers in the Junior High School Center, the building of a shelter for girls on the Spy Pond Playground, the erection of a building on Lake street, and the installation of gymnasium lockers at the High School. It proposes to bring other recommendations before the voters at the next annual town meeting, carrying out the convictions that the Superintendent and the Committee, after a great deal of study, have reached regarding the immediate and urgent needs of our growing school system.

It is a pleasant duty to acknowledge the uniform courtesy and spirit of co-operation which has been given us by the Finance Committee of Twenty-one and the officials of the town.

A. H. RICE,
For the Committee.

REPORT OF SUPERINTENDENT OF SCHOOLS

January 19, 1925.

To the School Committee and Citizens of Arlington:

Herewith I beg to submit, in my second annual report, the following statement of what seem to me to be the outstanding features of school interest, exclusive of the most important work of the instruction and training of children, during the year 1924.

I. ECONOMY and the SCHOOL BUDGET

In the report of one year ago certain economies in organization effected during the year were explained with the statement that, "The increased cost to the town of the School Department for 1923 and 1924 is only one third of the increased cost of 1921 and 1922, two periods very similar in growth of school population and new school accommodations." These economies continue in effect and show their influence on the new school budget in spite of the large increase caused by new schools and additional teachers to conduct them. Comparative figures and percentages presented to the Finance Committee of Twenty-One by the School Department show that, had the reorganizations of 1923 and 1924 not been accomplished, the School Budget for 1925 would have been sixty thousand dollars more than is asked.

II. SCHOOL ACCOMMODATIONS

The erection of the Peirce School and the addition to the Cutter School have relieved the crowded school conditions at the western end of the town. The proposed school on Lake street will relieve the overcrowding of the Crosby School at the eastern end. These additional accommodations should make conditions in these two sections comfortable for a few years.

In the meantime, the Russell and Parmenter, the Junior High Centre, and the High School will claim attention.

RUSSELL and PARMENTER SCHOOLS: Due to the large building operations between Warren street and the Boulevard the increase of pupils at the Russell School has been at about the same rate as at the Crosby School, and the Russell may be said already to be crowded in spite of the fact that one class room is used as an assembly room. Six of the eleven classes at the Russell School have forty and more pupils, one having forty-four and another forty-seven. These are too large and should be divided.

The Parmenter School has one class without a room, the extra class having sessions in the corridor; one class housed at the Russell School; and another in a portable building—makeshift of the war period. This room is unbearably hot on warm days, cold and draughty on cold days, and a great hindrance to the administration of the discipline of the school.

The simplest solution of the problem of overcrowding at both the Russell and Parmenter Schools lies in the purchase of property adjoining the Parmenter School, and the erection of a four room addition to that building. This or some similar measure should be undertaken at once to relieve the situation.

JUNIOR HIGH SCHOOL CENTRE: The Junior High School Centre is crowded, but not as a result of moving the two room portable. Economies in class room organization have overcome the loss of those two rooms. This school was as crowded last year and the year before even with the portable building. The Junior High School Centre is crowded because every available space is used to the limit and class groups in the second and third years average nearly forty pupils. These groups

are altogether too large for efficient work on a departmental basis. One more group should be made in each class to reduce the average from forty to thirty or thirty-five.

The Junior High School Centre will be increasingly more crowded until Junior High School East is built. The classes from the Crosby and Russell Schools have been coming to the Junior High School Centre at the rate of four classes per year. Next fall and thereafter they will come at the rate of seven classes per year. September 1925 will bring three or four more classes, September 1926, six or seven more classes, and September 1927, nine or ten more classes than the building can possibly accommodate. Junior High East should be available for use not later than September 1927. Until that time extreme inconvenience must be suffered by Junior High Centre teachers, pupils and their parents in an effort to carry on the work under a platoon system to care for the excess classes. If Junior High East could be ready one year earlier, by far the greater part of this inconvenience could be avoided.

It had been intended to care for the first year of overcrowding at the Centre School by organization of a Junior High School unit at the Russell School or the High School building, but the large increase in the number of students at both of these schools has made that plan impossible.

HIGH SCHOOL: There are one hundred more students in the Senior High School than there were last year. Two hundred more students will be promoted from the Junior High Schools this June than will graduate from the Senior High School. With the additions from out of town this means at least 250 increase in the High School enrolment in September 1925, bringing the number of students to 850 or 900. This is about a capacity enrolment for the High School building.

We can manage for the coming year 1925-26 by remodeling the two lunch rooms into class rooms, and the swimming pool room into a lunch room. We can get through the following school year 1926-27 by remodeling the two wardrobe rooms into supervisors' offices, the two supervisors' offices into class rooms, and by installing in the corridors steel lockers for the street clothing of students. If the increase continues so that the number of pupils exceeds 900, plans should be made to relieve the situation either by the construction of an addition to the present plant or by the erection of a separate unit such as a Commercial High School, a Technical High School or a Classical High School, whichever appears to be the most desirable plan.

III. THE SUB-PRIMARY and REGRADING PROGRAM

For a number of years in Arlington the schools were organized on the nine-four plan or nine grades in preparation for the four year High School course. While this plan was going out of effect in Massachusetts, the Arlington School Department re-named the grades, Sub-primary, First to Eighth, instead of First to Ninth. As the first grade work was taught in the Sub-primary grade, this plan effected no other change than that of re-numbering. The result has been that the Arlington schools have been "out of step" with those of neighboring towns in having nine grades where others have eight, or seven grades to Junior High School, where others have six. On this account children coming into our elementary schools from other towns have had to suffer a "set back" of one year in the public school course. It has been rightly claimed by principals and teachers that the pupils did not suffer the loss of a year in the type of school work done because each of our grades was covering the work of the next higher grade. It must be admitted, however, that one year more was required of each pupil entering the elementary schools from another town, in order to finish the public school course.

The Arlington schools have an unusually good reputation. At the State Department of Education, throughout the State of Massachusetts, in the town itself, one hears them spoken of as good schools. This fact has been one large contributing factor in the rapid growth of the town. But the non-conformity of grading with other school departments has been responsible for making many, if not all, new residents having children in the elementary schools, dissatisfied and unhappy residents. Sooner or later this condition would react as a deterrent to the growth of the town, and threaten the good reputation which our schools enjoy at home and abroad.

An effort was made to correct the situation two years ago when the School Committee authorized the reorganization of the Sub-primary work, placing those classes on a single session basis with a course designed to prepare for first grade, teaching the beginning of writing, reading through the primer, and some kindergarten work. Since that time, not second grade work, as previously, but first grade work has been taught in the first grade and a normal grading program has thus been started.

This change, however, could improve the grading situation only a year at a time so that six years would be required to eliminate the grading irregularity from the elementary system. Realizing the desirability of earlier adjustment of the situation the School Committee authorized this year a regrading program worked out by the school administration which will result in making the grading of the Arlington School Department uniform with that of the majority of others. It is planned that this change will be completely in effect by September of this year, so that thereafter pupils entering from other towns need not face the necessity of taking one year longer to finish the public school

course than would have been necessary in the town from which they came.

IV. THE TEACHERS' COUNCIL

Although the solution of the grading problem is the most important advance step in the School Department this year, the organization of the Teachers' Council promises to result in great professional help to the schools. The membership is composed of one representative from each school of less than sixteen teachers and two from each school of sixteen or more teachers. The Council is organized for the purpose of assisting the Superintendent and advising with him in the study of school problems. It also becomes a medium by which the teachers may approach the School Committee. Already real service has been performed by the Council on several school problems, chief of which is the new uniform course of study.

In closing, I wish to commend the teachers for their loyalty and devotion to their work, to thank the parents for their helpful interest and co-operation, and to express my gratitude to the members of the School Committee for the great assistance and hearty support given me in my work as Superintendent of Schools.

Respectfully submitted,

CHESTER A. MOODY,

Superintendent of Schools.

REPORT OF THE TRUSTEES OF THE ROBBINS LIBRARY

To the Town of Arlington:

The trustees of the Robbins Library submit their annual report.

The combined circulation for 1924 from the Central Library and Branches is 86,797 books and periodicals, showing a gain of 13,222 over the circulation in 1923. The above figures represent the entire circulation which previously has been itemized under the separate headings of books, periodicals and books loaned from the Branches and not included in the complete circulation. The circulation increase has been over a thousand a month, which shows there are great possibilities for further extending library service.

The attendance in reading room was 32,391, showing a gain on week days of 7,301—30,976 as against 23,675 in 1923, and a loss on Sundays of 185—1,415 as against 1,600 in 1923. The fact that the library was closed on Sunday for five months accounts for this loss.

Not only has the attendance in the reading room increased, but work with the pupils has grown and by next year we hope to make direct contact with the schools by having classes come to the library for instruction in the use of the library and reference books.

We have also co-operated with the Women's Clubs.

The attendance in Children's Room shows a gain on week days of 1,636—13,583 as against 11,947 in 1923, and a loss on Sundays of 455—843 as against 1,298 in 1923. It is in this room that many children make their first real contact with books and it is doubly important to have a good book collection. This necessity for new books and new copies of old books is felt in the juvenile department as well as in the adult.

An exhibition of children's books was held in the library during Children's Book Week, November 13th to 19th. Many beautifully illustrated books were shown, as well as the old favorites in new dress. There were also on view many interesting old juvenile books kindly loaned by townspeople. The exhibition was well attended, 626 in all. Many teachers sent their pupils to see the exhibition.

There has been a gain of 9,164 in books taken from the Stack Room—52,195 as against 43,031 in 1923. The use of periodicals shows a gain of 650—2,641 as against 1,991 in 1923.

The Postal Reserve shows a loss of 326—1,219 as against 1,545 in 1923. More new books are now available, which accounts for the above loss.

There was a gain of 1,000 in books and periodicals loaned from the Arlington Heights Branch—5,139 as against 4,139 in 1923.

There was a loss of 195 in books and periodicals sent from the Central Library to the Heights—257 in 1924 as against 452 in 1923.

There was a gain of 1,690 in books and periodicals loaned from the East Branch—9,098 as against 7,408 in 1923.

There was a loss of 5 in books and periodicals sent from the Central Library to the East Branch—163 in 1924 as against 168 in 1923.

Visitors and readers at the East Branch were 3,436 as against 2,317, a gain in attendance of 1,119.

The registration of new borrowers for the Central Library and branches was 1,324 as against 1,023 in 1923, a gain of 301.

Through the Inter-Library loan system there were borrowed from the Boston Public Library in 1924, 56 books, and 1 from the Cambridge Public Library.

Exhibitions from the Library Art Club have been as follows: The Tomb of Tut-Ankh-Amen, Famous Towers, Wonderland of Peru, North Pole and Round-about, Italian Cathedrals, Pocahontas and Capt. John Smith, Little People and Songs, illustrated by Henriette W. LeMair, The Frosty Caucasus, Italian Posters, French Cathedrals, Life in the Orient; China, Dolls of France in Costume, Graphic Arts of Great Britain, The Royal Academy, illustrated, 1919.

Among the donors to the library during the year were Dr. George W. Cutter, Mr. John A. Dadekian, Miss Grace E. Fettretch, Mr. Charles H. Gannett, Miss Mary C. Hardy, Mrs. H. Turner Hodgdon, Mr. H. G. Porter, Mrs. Harold Rice, Mrs. Peter Schwamb, Mr. John A. Squire, Miss L. Frances Tucker, Mrs. J. Arthur Tufts, Mrs. E. C. Turner and Mrs. E. P. Turner.

We are indebted to the editors of the Arlington Advocate and the Arlington Independent for printing without charge our lists of New Books. Mr. C. S. Parker has given us also a complete file of the Advocate for 1924. These files are found to be very valuable for reference.

As it had been decided during the previous year to recatalogue and reclassify the library books, a technical cataloguer was secured and the work was commenced in February. Great progress has been made, but many more months will be necessary before the work is completed.

There has been a re-registration of readers using the library, and our records show an active list of 4,722 borrowers. This is not a large number in comparison with the population of Arlington, but a much more adequate supply of books will be needed before we can further extend our library service.

In March, the Newark Charging System was adopted and until the recataloguing has been completed, it will be necessary to use both the old and the new systems.

The period of transition is a difficult one, but with the splendid co-operation of the library staff the work is rapidly progressing and soon we hope to have the library functioning under normal conditions.

To obtain shelving space for the new books, many old ones have been discarded and others rarely used have been put in the basement, where they are easily obtained when requested.

One of the greatest needs of the library is books—new books and new copies to replace worn out volumes of standard authors. There is great need of building up the collection of nonfiction by bringing various subjects such as psychology, science, etc., up to date. The Central Library feels its lack of an adequate supply of books and the branches can in no way meet the demands put upon them on account of their meagre collections.

No inventory of books will be taken until the recataloguing is complete.

Miss Emily Bucknam, who has served the library as card cataloguer for forty-one years, resigned in December. Her knowledge of books and ability to classify them, together with her finely written catalogue cards, made her a valuable assistant.

Two assistants have been added to the staff: Miss Velma J. Moore, who was appointed Reference Librarian, and Miss Katharine J. Middleton, who is on the staff temporarily to recatalogue the library.

TOWN ENGINEER'S REPORT

Arlington, Mass., January 1, 1925.

To the Joint Board of Selectmen and Board of Public Works.

Gentlemen:

Herewith is respectfully submitted the annual report of the Engineering Department for the year ending December 31, 1924.

The Engineering Department furnishes all the town departments and committees with such information, plans, designs, estimates and data of an engineering nature as they may require on work being done, or contemplated, also keeps careful notes, measurements and location of new work, additions, changes and extensions as they may occur, and properly records the same for future reference by maps, plans or profiles.

The north side of Massachusetts avenue from Marathon street to Winter street, five hundred and fifty (550) linear feet, from Oxford street to Everett street, four hundred fifty-three (453) linear feet, from Wyman street to Palmer street, two hundred and fifty-four (254) linear feet, the south side of Massachusetts avenue from Barnes Lane to opposite Tufts street, four hundred and fourteen (414) linear feet, from near Chandler street westerly, four hundred and fifty-three (453) linear feet, was reconstructed with Compressed Hassam Concrete. The excavated material was used for subgrading Allen street, Foster street, Lakehill avenue and Windsor street.

Foster street from Massachusetts avenue to Broadway, one thousand and fifty-three (1,053) linear feet, Allen street from Massachusetts avenue to Warren street, one thousand, one hundred and twenty-two (1,122) linear feet, Windsor street from old end to Waldo road, four

hundred and fifteen (415) linear feet, Lakehill avenue from Lake street to Spy Pond Parkway, six hundred and forty-two (642) linear feet, Overlook road from Summer street to Ronald road, one hundred and fifty (150) linear feet and Ronald road from Overlook road to Pheasant avenue, one thousand, two hundred and seventy (1,270) linear feet were reconstructed under the betterment act.

Six thousand six hundred fifty-one and forty-four one hundredths (6,651.44) square yards of granolithic sidewalks, and three thousand four hundred forty-eight and ninety-nine one hundredths (3,448.99) linear feet of granite curb were laid.

Four thousand six hundred and two (4,602) square yards of tar concrete surfacing was placed on temporary tar sidewalks in the Heights section.

For the number and length of sewer and water mains constructed during the year, see Board of Public Works Report.

Prior to the reconstruction of Massachusetts avenue, Ronald road, Overlook road, Windsor street, Allen street, Foster street and Lakehill avenue, adequate storm drain systems were installed. For details and cost of construction see Board of Public Works Report.

A fifteen (15) inch storm drain was installed in Broadway from Everett street to Harlow street two hundred thirty-one and fifty-five one hundredths (231.55) linear feet, a fifteen (15) inch storm drain in Old Mystic street from Crosby street to present end, a ten (10) inch storm drain in rear of High School, and two (2) new catch basins were installed on Draper avenue corner of Orient avenue to relieve surface water conditions in these sections.

A large number of Board of Survey plans were verified by this Department and approved by the Board of Survey.

Street numbering plans of all new streets have been made, new buildings located, and numbers assigned.

Plans have been made by the various companies and corporations and filed in the Town Engineer's office, showing the locations of structures for which permits were granted by the Joint Board during the year.

The Engineering Department has prepared plans and performed miscellaneous services for all the town departments and for the Town Counsel.

Annexed to this report is a table giving the names of all streets in the town, public and private, lengths, widths and total mileage; also a table of general statistics pertaining to the town.

GEORGE E. AHERN,
Town Engineer and Superintendent of Public Works.

REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS

The Joint Board of Selectmen and Board of Public Works submits herewith its twenty-first annual report for the year closing December 31, 1924.

At the Annual Town Election Mr. Frederick W. Hill was elected a Selectman for a term of three years and Mr. William S. Fairchild was elected a member of the Board of Public Works for three years, and by reason of such election and having taken oath of office, each became a member of the Joint Board.

The Board organized with Nelson B. Crosby, Chairman and John A. Easton, Clerk.

The following appointments were made for the year ending April 1, 1925:

Town Counsel, Paul M. White; Town Engineer and Superintendent of Public Works, George E. Ahern; Superintendent of Wires, William E. Mason.

STREET LIGHTING

The existing lighting schedule was continued during the year. New lights were installed on all ways accepted by the town at the annual meeting and at special meetings held during the year.

Appropriated for street lighting in 1924	$18,500 00
Amount expended for street lighting in 1924	18,304 12
Unexpended balance	$195 88

A system of ornamental street lighting has been arranged for and will be installed on Massachusetts avenue, Broadway and Franklin street for the proper illumination of the New Engine House site.

POLICE AND FIRE BOXES

The extensive building operations in various sections of the town have necessitated the placing of additional fire alarm boxes at strategic points as follows: Box 561 Pierce School, Box 612 Dr. Ring's Sanatorium, Box 462 corner of Summer and Washington streets, Box 18 Lake street, Box 241 corner of Rawson road and Exeter street, Box 271 corner of Summer and Mystic streets for the protection of this new development. An additional Police box, No. 22 has been located at the corner of Mystic and Summer streets, as suggested by the Chief of Police to add to the efficiency of the Police Department.

BUILDING LINES

The Board, in considering the future growth and development of the town, recognized that the time is not far distant when the rapid increase of traffic on the main highway of the town would necessitate the widening of Massachusetts avenue, and recommended the laying of building lines from Academy and Central streets to Lowell street on Massachusetts avenue. The lines were established by vote of the town at a special meeting held April 2, 1924, also building lines were established on both sides of Tufts street in anticipation of the future widening of this street, which is a connecting way between Massachusetts avenue and Broadway. Building lines were established at the corner of Broadway and Medford street at the site of the Cooper Tavern. It is understood that the Cooper Tavern is to be demolished, at which time the street will be widened, bringing Broadway and Massachusetts avenue in alignment at this point.

PERMANENT SIDEWALKS AND EDGESTONES

Two thousand, three hundred thirty-six and thirteen one-hundredths (2,336.13) square yards of granolithic sidewalk and one hundred eighty and ninety-four one-hundredths (180.94) linear feet of granite edgestones

were laid and installed under the appropriation of $10,000, in continuation of a policy adopted some years ago to follow a progressive program to supply the residents on accepted ways with suitable walks and the main thoroughfares with continuous lines of curbing.

DEVELOPMENT OF NEW TERRITORY

Plans were presented by William S. Fairchild and approved by the Board for the laying out of a large tract of land comprising approximately fourteen (14) acres and occupying one of the most sitely spots in the town, overlooking Mystic Lake, knwn as the Morningside district.

BROADWAY CONSTRUCTION

An appropriation of $17,500 was made at the annual town meeting for the purpose of reconstructing a portion of Broadway on the southerly side from the Soldiers' Monument to the Somerville line, $2,500 of which was paid to the town by the New England Telephone and Telegraph Company.

Owing to the construction of the New Engine House and to the fact that the new Metropolitan Water Main would be constructed in the spring of 1925, the Board decided to defer such reconstruction until after these matters were completed.

The Board has recommended that the entire street be reconstructed, and in this connection the Boston Elevated Railway has signified its willingness to remove its tracks at the time of reconstruction, thereby assuring to the town an exceptionally fine highway. The Board, through its State Senator and Representative, has taken steps to interest the State and County to assume a portion of the cost of reconstructing said way.

At the present time the Board has no assurance of securing such assistance.

The town is passing through a period of rapid growth and development, and the Board is cognizant of the changing conditions which place upon it added responsibilities, for the proper safeguarding of the town's best interests.

NELSON B. CROSBY, Chairman.
CHARLES B. DEVEREAUX,
FREDERICK W. HILL,
CLARENCE A. MOORE,
CARL H. BUNKER,
WILLIAM S. FAIRCHILD.

REPORT OF PLANNING BOARD

The membership of the Board remained the same as during the preceding year with the exception of the resignation during the latter part of the year of the Secretary, Jacob Bitzer, and the election of Charles M. MacMillin to fill the vacancy. Mr. Bitzer has been a member of the Board practically since its creation, by vote of the town, and has at all times given his best efforts to the work of the Board. During the year, the resignation as Chairman, of Mr. H. B. S. Prescott, has also been tendered and Mr. Cyrus E. Dallin elected in his place.

In accordance with the provisions of the Zoning Law adopted May 15, 1924 by the town, it has been necessary to hold two public hearings, at which, petitions were submitted for modifications of this by-law. A report in each case containing the recommendation of the Board was made to the Town Meeting. Upon request of the Board of Selectmen, members of the Board met with the Board of Selectmen, the Fire Station Committee, the Park Commissioners and the Cemetery Commissioners and conferred regarding the development of the lot on Massachusetts Avenue and Broadway, adjacent to the new fire station. The board has had a tentative plan made for the improvement of this lot and submitted it to this joint committee for its consideration. In addition to the preceding, the Board has arranged a schedule of meetings on alternate weeks in order to give proper consideration to the growing problems of town development.

The principal activity of the Board during the year has been centered around the preparation of a town

plan as covered by Article No. 40 of the Warrant for the March Town Meeting. In order to properly handle this matter, the services of a town consultant and landscape architect has been secured and it is expected that it will be possible to make a partial report at the regular Town Meeting in March 1925. A summary of the projects to be covered by this report are as follows:—

1. The street system with special reference to main thoroughfares.

2. Park and playground system.

3. Transit and transportation system.

4. Conditions at Arlington Centre with particular attention to the traffic and grade crossing problem.

5. Special study of fire station lot.

In looking back over the year, we cannot but help feel gratified at the acceptance by the town of the zoning principle and the general increased attention which is being given to planning work by a majority of the communities within this state. The transportation recommendations of the Division of Metropolitan Planning should be of especial interest to this town, as they have a direct bearing on problems which we must meet in the near future. Full credit should be given to the Federa- of State Planning Boards for its work in connection with the bill board nuisance. Legislation has been enacted during the year under which more effective control can be exercised and by means of which communities, through proper local ordinances, may have a voice in the matter. This board is a member of the Federation and its members have received valuable help through attending the Federation conferences. It is the feeling of the Board that one of the most important activities of a municipality today is the planning for the orderly future growth of the community. The expense of work of this character is entirely justified, taking into consideration the civic benefits secured, if proper action is taken a

suitable time in advance. When this is not done, however, the later inconveniences and greatly increased costs emphasize the weakness of allowing town growth to proceed in an indefinite or haphazard manner.

C. M. MACMILLIN, Acting Chairman,
R. W. POND,
H. B. S. PRESCOTT,
H. M. DUTCHER, Secretary.

REPORT OF THE BOARD OF PARK COMMISSIONERS

For the Town of Arlington

To the Honorable Board of Selectmen:

Gentlemen: The Board of Park Commissioners submit the following report for the year 1924.

The usual routine work of caring for the lands under their jurisdiction has been done as far as their appropriation has allowed, but if the parks and other parcels in their care are to be kept in a first-class condition more money is necessary than has been appropriated in the past.

The plot of ground situated in the triangle between Massachusetts avenue and Broadway has been filled in and graded.

Your Board has had many requests for improving some of the lands in their hands, but has been unable to grant any through lack of funds. Among these requests was one that Meadow Brook Park, so-called, be graded, in order that the many children in that vicinity might have a place to play off the streets. This would not entail a large expense and should be done.

Menotomy Rocks Park has a heavy growth of underbrush and shrubs that should be cleaned out. In the Park are many fine hardwood trees and many small evergreen trees which the town could not duplicate for thousands of dollars; but unless money is appropriated to clean the park, there is grave danger of a fire destroying all these trees and making this beautiful spot a blot upon the landscape.

The Board is not willing to assume this responsibility which is caused entirely through the failure of the town to appropriate the necessary money.

Your Board feels that the Hill Pond lot purchased this year should be cleared of the small growth, in order that conditions there may be improved. By doing this we also have a place ideal for winter sports, including coasting, skating, tobogganning and skiing. With the streets of the town posted against coasting the young people of the town will have this place to enjoy without expense to the town.

The citizens of Arlington should realize the fact that we are not looking ahead in the matter of parks and playgrounds. Land should be acquired in the west and north parts of the town for such purposes and each year an appropriation should be made for progressive development. If such action is not taken now, the town in later years will be obliged to make large expenditures for land, or the inhabitants will have no place for rest and recreation.

Your Board hopes that by bringing these facts to the attention of the voters of the town, they will see the necessity of making each year an appropriation sufficiently large to not only maintain existing parks and playgrounds, but also to allow a progressive program of development. We believe to do otherwise is false economy.

Respectfully submitted,
CLINTON W. SCHWAMB, Chairman,
JAMES R. SMITH,
PERCY A. GOODALE.

REPORT OF TOWN COUNSEL

Joint Board of Selectmen and
Board of Public Works.

Gentlemen: The following is a brief general statement of the Town Counsel's work during the year 1924. Numerous matters that might be mentioned here, will be set forth in the Town Report and it seems inadvisable to enumerate them in this report.

Comparatively few claims for damages because of alleged defects in the highways were presented during the year. Some of these were disposed of without any payment and others by the payment of sums approved by the Selectmen. The only action pending at the end of the year for this cause was that of Frances Cronin, which has been mentioned in previous reports, and for the trial of which Wilford D. Gray, Esq. has been engaged under authorization of the Selectmen.

Two court proceedings related to the "Zoning By-law" resulted in the sustaining of provisions of this by-law. The town has been represented in several matters in the Land and other courts.

Several petitions for the assessment by a jury, of damages for land taken in accordance with votes of the town are pending.

The town has for a number of years been fortunate in the absence of any large claims under the Workmen's Compensation Act. During the past year the payments under this Act were somewhat larger than in the years immediately preceding.

Meetings of your Board, of the Selectmen and of other Boards have been attended. Legal opinions have been furnished as requested and other duties including the drafting of deeds, agreements and other documents connected with the town's business, have been performed.

Respectfully submitted,

PAUL M. WHITE,
Town Counsel.
